Marlowe's Ghost Daryl Pinksen 2008 On the morning of May 30, 1593, Christopher Marlowe met with three associates in the English intelligence network. Later that evening the Queen's coroner was summoned to their meeting place. A body lay on the floor. After an inquest, the dead man was taken to a nearby churchyard busy at the time receiving victims of the plague. According to the official report, England's foremost playwright was interred without fanfare or marker. Soon, plays attributed to William Shakespeare began to appear on the London stage, plays so undeniably similar to Marlowe's that noted scholars have since declared that Shakespeare wrote as if he had been Marlowe's apprentice. Marlowe's Ghost: The Blacklisting of the Man Who Was Shakespeare explores the possibility that persecution of a writer who dared to question authority may have led to the greatest literary cover-up of all time.

A Guide to Neo-Latin Literature Victoria Moul 2020-03-05 Latin was for many centuries the common literary language of Europe, and Latin literature of immense range, stylistic power and social and political significance was produced throughout Europe and beyond from the time of Petrarch (c.1400) well into the eighteenth century. This is the first available work devoted specifically to the enormous wealth and variety of neo-Latin literature, and offers both essential background to the understanding of this material and

sixteen chapters by leading scholars which are devoted to individual forms. Each contributor relates a wide range of fascinating but now little-known texts to the handful of more familiar Latin works of the period, such as Thomas More's Utopia, Milton's Latin poetry and the works of Petrarch and Erasmus. All Latin is translated throughout the volume.

Warwickshire Clive Holland 2014-12-18 To those who know Warwickshire well it will be unnecessary to either sing its praises, as not only one of the most historic but also one of the most fascinating of middle-England shires, or to urge its claims for the consideration of those who love the fair, open country, winding roads, and pleasant hills and vales. This county, of whose beauty poets from almost time immemorial have sung, possesses an added interest beyond the romantic elements afforded by its history, its magnificent survivals of bygone ages in castles, manor-houses, churches, and other domestic buildings, in that it is the land of Shakespeare. Around this beautiful district of England still hangs some of the unfading glamour which comes from the association with it of great deeds and great names; from amongst the latter of which that of “the nation’s poet” stands out with undimmed lustre as the centuries pass away. The wealth of material which confronts both the writer and the artist who seeks to depict with pen and brush some of the most salient features of the county is so embarrassing that selection becomes a task of extreme difficulty. What to leave out presents itself as a most pressing problem, not easily solved; for, alas! space is not elastic; and even when the question is in a measure disposed of, it is still pregnant with regrets for the many beautiful things, historic places, scenes, and incidents which have had to be omitted for lack of space. To those who know the county only as one of England’s central shires, perhaps the book may give sufficient pleasure to induce them to visit the places described.

The Story of the "Grafton" Portrait of William Shakespeare "Aetatis Suae 24, 1588" Thomas Kay 2017-10-28 Excerpt from The Story of the "Grafton" Portrait of William Shakespeare "Aetatis Suae 24, 1588" With an Account of the Sack and Destruction of the Manor House of Grafton Regis by the Parliamentary Forces on Christmas Eve, 1643 The telling Of the following story has been prompted by the discovery Of a picture which the author, from evidence collected by him and set out in these pages, submits to be a genuine portrait of Shakespeare painted during his lifetime. The portrait has painted upon it an age 24 and a date the age corresponding with that of Shakespeare in the same year. An analytical comparison is made between this and other recognised portraits Of Shakespeare. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. background information This book provides bibliographic information, ownership records, a detailed worldwide census and a description of the handwritten annotations for all the surviving copies of the 1543 and 1555 editions of Vesalius’ De humani corporis fabrica. It also offers a groundbreaking historical analysis of how the Fabrica traveled across the globe, and how readers studied, annotated and critiqued its contents from 1543 to 2017. The Fabrica of Andreas Vesalius sheds a fresh light on the book’s vibrant reception history and documents how physicians, artists, theologians and collectors filled its pages with copious annotations. It also offers a novel interpretation of how an early anatomical textbook became one of the most coveted rare books for collectors in the 21st century.

The Story that the Sonnets Tell A. D. Wraight 1994 In this remarkable true life story, Shakespeare, man and genius, comes gloriously to life. For the first time we see him as he really was - a courageous and loveable man who suffered the slings and arrows of outrageous fortune, and whose life was as great a drama as any play he wrote. This is the most important research on Shakespeare's Sonnets ever published. It will open the floodgates for a great Shakespearean debate engendering new understanding and fresh dramatic interpretation. A spellbinding and compelling read for all who love Shakespeare.

The Age of Scandal T. H. White 2010 This amusing foray into eighteenth-century literature is an entertaining tabloid biography of an age not unlike our own; men and women of fashion led their lives under the avid scrutiny of a public who had a sharp appetite for scandal and sensation. In the period between the so-called Age of Reason and the Romantic Revival - that which the author calls the Age of Scandal - aristocratic and privileged eccentrics flourished and the professional writer declined. Here we meet notorious persons such as the Marquis de Sade; the Duke of Queensberry; who dislocated London's

milk supply; and the countess of Kingston, who journeyed to Rome in the hope of seducing the Pope. There are also lesser figures like the Misses Gunning, who were so beautiful that seven hundred people sat up all night to see them leave an inn. T.H. White contends that these cultivated and fortunate individuals, best represented by Horace Walpole, were Elizabethan in their natures, without the formality of Alexander Pope or the exaggerated raptures of William Wordsworth.
