The New Biographical Dictionary of Film
David Thomson 2010-10-26 For almost thirty years, David Thomson's Biographical Dictionary of Film has been not merely "the finest reference book ever written about movies" (Graham Fuller, Interview), not merely the "desert island book" of art critic David Sylvester, not merely "a great, crazy masterpiece" (Geoff Dyer, The Guardian), but also "fiendishly seductive" (Greil Marcus, Rolling Stone). This new edition updates the older entries and adds 30 new ones: Darren Aronofsky, Emmanuelle Beart, Jerry Bruckheimer, Larry Clark, Jennifer Connelly, Chris Cooper, Sofia Coppola, Alfonso Cuarón, Richard Curtis, Sir Richard Eyre, Sir Michael Gambon, Christopher Guest, Alejandro Gonzalez

Inarritu, Spike Jonze, Wong Kar-Wai, Laura Linney, Tobey Maguire, Michael Moore, Samantha Morton, Mike Myers, Christopher Nolan, Dennis Price, Adam Sandler, Kevin Smith, Kiefer Sutherland, Charlize Theron, Larry Wachowski and Andy Wachowski, Lew Wasserman, Naomi Watts, and Ray Winstone. In all, the book includes more than 1300 entries, some of them just a pungent paragraph, some of them several thousand words long. In addition to the new “musts,” Thomson has added key figures from film history—lively anatomies of Graham Greene, Eddie Cantor, Pauline Kael, Abbott and Costello, Noël Coward, Hoagy Carmichael, Dorothy Gish, Rin Tin Tin, and more. Here is a great, rare book, one that encompasses the chaos of art, entertainment, money, vulgarity, and nonsense that we call the movies. Personal, opinionated, funny, daring, provocative, and passionate, it is the one book that every filmmaker and film buff must own. Time Out named it one of the ten best books of

the 1990s. Gavin Lambert recognized it as “a work of imagination in its own right.” Now better than ever—a masterwork by the man playwright David Hare called “the most stimulating and thoughtful film critic now writing.”

Life and Letters To-day 1940

Charles Boyer John Baxter 2021-11-23 Charles Boyer: The French Lover is the first biography of Boyer to exist in English in almost forty years. Author John Baxter artfully presents the often-tragic life of this often overlooked, yet profoundly impactful French actor. Baxter relates how Boyer (1899–1978) established himself in the theater and cinema of France, confidently transitioning from silent film to sound and making a name for himself as a romantic leading man in Hollywood through the early 1940s. During World War II, Boyer put his

career on hold to become politically active on behalf of his occupied home country. Upon returning to the stage and screen, Boyer adapted effortlessly to postwar character roles in both Europe and the United States. He entered television in the 1950s as both producer and performer, and then remade himself as a comedy performer in the 1960s. Nominated four times for Academy Awards, he was honored by the Academy only once—a special honorary award received for his activities on behalf of France during World War II. In an insightful analysis of Boyer's choice of roles during and after World War II, Baxter shows that the actor possessed a shrewd perception of his image. Baxter reveals how Boyer, realizing his accent would always mark him as an outsider, both embraced and subverted that identity. Far from clinging to the performances that made him famous, Boyer showed a readiness to break the mold. Yet above all, Baxter argues, Boyer's greatest achievement was becoming the

embodiment of exiles everywhere.

The Reception of Charles Dickens in Europe

Michael Hollington 2013-08-29 The Reception of Charles Dickens in Europe offers a full historical survey of Dickens's reception in all the major European countries and many of the smaller ones, filling a major gap in Dickens scholarship, which has by and large neglected Dickens's fortunes in Europe, and his impact on major European authors and movements. Essays by leading international critics and translators give full attention to cultural changes and fashions, such as the decline of Dickens's fortunes at the end of the nineteenth century in the period of

Naturalism and Aestheticism, and the subsequent upswing in the period of Modernism, in part as a consequence of the rise of film in the era of Chaplin and Eisenstein. It will also offer accounts of Dickens's reception in periods of political upheaval and revolution such as during the communist era in Eastern Europe or under fascism in Germany and Italy in particular.

Encyclopedia of French Film Directors Philippe Rège 2009-12-11 Cinema has been long associated with France, dating back to 1895, when Louis and Auguste Lumi_re screened their works, the first public viewing of films anywhere. Early silent pioneers Georges MZli_s, Alice Guy BlachZ and others followed in the footsteps of the Lumi_re brothers and the tradition of important filmmaking continued throughout the 20th century and beyond. In Encyclopedia of French Film Directors, Philippe Rège identifies every French director who has made at least one feature film since 1895. From undisputed masters to obscure one-timers,

nearly 3,000 directors are cited here, including at least 200 filmmakers not mentioned in similar books published in France. Each director's entry contains a brief biographical summary, including dates and places of birth and death; information on the individual's education and professional training; and other pertinent details, such as real names (when the filmmaker uses a pseudonym). The entries also provide complete filmographies, including credits for feature films, shorts, documentaries, and television work. Some of the most important names in the history of film can be found in this encyclopedia, from masters of the Golden Age_Jean Renoir and RenZ Clair_to French New Wave artists such as Fran_ois Truffaut and Jean-Luc Godard.
