Notes from Walnut Tree Farm Roger Deakin 2009 For the last six years of his life, Roger Deakin kept notebooks in which he wrote his daily thoughts, impressions, feelings and observations. Discursive, personal and often impassioned, they reveal the way he saw the world, whether it be observing the teeming ecosystem that was Walnut Tree Farm, thinking about the wider environment, walking in his fields, on Mellis Common or on his travels at home, or contemplating his past and his present life. *Notes from Walnut Tree Farm* collects the very best of these writings, capturing Roger's extraordinary, restless curiosity about the natural and human worlds, his love of literature and music, his knack for making unusual and apposite connections, and of course his distinct and subversive charm and humour. Together they cohere to present a passionate, engaged and ♦ in spite of the worst pressures of contemporary life ♦ optimistic view of our changing world.

**The Book of Joan** Lidia Yuknavitch 2017-04-18 A New York Times Notable Book • BuzzFeed 50 Books We Can't Wait to Read this Year • New York Times Book Review Editor's Choice • National Bestseller "Brilliant and incendiary." — Jeff VanderMeer, New York Times Book Review "Stunning. . . . Yuknavitch understands that our collective narrative can either destroy or redeem us, and the outcome depends not just on who's telling it, but also on who's listening." — O, The Oprah Magazine "[A] searing fusion of literary fiction and reimagined history and science-fiction thriller and eco-fantasy." — NPR Books The bestselling author of *The Small Backs of Children* offers a vision of our near-extinction and a heroine—a reimagined Joan of Arc—poised to save a world ravaged by war, violence, and greed, and forever change history In the near future, world wars have transformed the earth into a battleground. Fleeing the unending violence and the planet's now-radioactive surface, humans have regrouped to a mysterious platform

known as CIEL, hovering over their erstwhile home. The changed world has turned evolution on its head: the surviving humans have become sexless, hairless, pale-white creatures floating in isolation, inscribing stories upon their skin. Out of the ranks of the endless wars rises Jean de Men, a charismatic and bloodthirsty cult leader who turns CIEL into a quasi-corporate police state. A group of rebels unite to dismantle his iron rule—galvanized by the heroic song of Joan, a child-warrior who possesses a mysterious force that lives within her and communes with the earth. When de Men and his armies turn Joan into a martyr, the consequences are astonishing. And no one—not the rebels, Jean de Men, or even Joan herself—can foresee the way her story and unique gift will forge the destiny of an entire world for generations. A riveting tale of destruction and love found in the direst of places—even at the extreme end of post-human experience—Lidia Yuknavitch's *The Book of Joan* raises questions about what it means to be human, the fluidity of sex and gender, and the role of art as a means for survival.

**Will** Jeroen Olyslaegers 2023-09 A tense, thrilling, morally murky read, set in Nazi-occupied Antwerp and inspired by the author's own family history of collaboration during WW2

*The Parade* Dave Eggers 2019-03-19 From the bestselling author of *The Circle* comes a taut, suspenseful story of two foreigners' role in a nation's fragile peace. With echoes of J. M. Coetzee and Graham Greene, this "darkly funny" novel (The Los Angeles Times) questions whether we can ever understand another nation's war, and what role we have in forging anyone's peace. An unnamed country is leaving the darkness of a decade at war, and to commemorate the armistice the government commissions a new road connecting two halves of the state. Two men, foreign contractors from the same company, are sent to finish the highway. While one is flighty and adventurous, wanting to experience the nightlife and people, the other wants only to do the work and go home. But both

men must eventually face the absurdities of their positions, and the dire consequences of their presence.

My Face for the World to See Alfred Hayes 2018-05-31 A brilliant, bruising depiction of the dark side of 1950s Hollywood, from the author of *In Love*. At a Hollywood party, a screenwriter rescues an aspiring actress from a drunken suicide attempt. He is married, disillusioned; she is young, seemingly wise to the world and its slights. They slide into a casual relationship together, but as they become ever more entangled, he realises that his actions may have more serious consequences than he could ever have suspected. Hayes' exquisite novella, written in his cool, inimitable style, holds a revealing light to the hollowness of the Hollywood dream and exposes the untruths we tell ourselves, even when we think we have left illusions behind. 'A masterpiece ... an insider's manual for all those who would aspire to fame, the ghostly glamour of the movies' Nicholas Lezard, *Guardian* 'Hayes is the poet of the things we think about while lying in bed, when sleep refuses to carry us off' David Thomson

*Tuesday's Gone* Nicci French 2012-07-19 For Frieda Klein the days get longer, the cases darker . . . Psychotherapist Frieda Klein thought she was done with the police. But once more DCI Karlsson is knocking at her door. A man's decomposed body has been found in the flat of Michelle Doyce, a woman trapped in a world of strange mental disorder. The police don't know who it is, how he got there or what happened - and Michelle can't tell them. But Karlsson hopes Frieda can get access to the truths buried beneath her confusion. Painstakingly, Frieda uncovers a possible identity for the corpse: Robert Poole, a jack of all trades and master conman. But the deeper Frieda and Karlsson dig into Poole's past, the more of his victims they encounter - and the more motives they find for murder. Meanwhile, violent ghosts from Frieda's own past are

returning to threaten her. Unable to discover quite who is telling the truth and who is lying, they know they are getting closer to a killer. But whoever murdered Poole is determined to stay free - and anyone that gets too close will meet the same fate. A gritty heroine, a gruesome crime and a terrifying hunt for a psychotic killer, Tuesday's Gone is not to be missed by fans of psychological thrillers. Praise for Nicci French: 'Nicci French's sophisticated, compassionate and gripping crime novels stand head and shoulders above the competition. No one understands human psychological frailty better. No one writes better about grief, love, fear or emotional damage. Not many books are as insightful as they are addictive; Nicci French's are.' Sophie Hannah 'Nicci French knows just how to play on our worst fears' *Daily Mail*

**The Corpse Flower** Anne Mette Hancock 2021-10-12 INTERNATIONAL BESTSELLER: The Girl With the Dragon Tattoo meets Sharp Objects in this Danish psychological thriller for fans of Jo Nesbø and Henning Mankell—now available for the first time in English. “Gripping, endearing, dark, and funny . . . One of her sources has been caught lying, and she could lose her job over it. Then she receives the first in a series of cryptic and unsettling letters from a woman named Anna Kiel. Wanted in connection with the fatal stabbing of a young lawyer three years earlier, Anna hasn't been seen by anyone since she left the crime scene covered in blood. Meanwhile, the letters keep coming, and they hint at a connection between Anna and Heloise. *History of the Literary Cultures of East-Central Europe* Marcel Cornis-Pope 2004-05-28 National literary histories based on internally homogeneous native traditions have significantly contributed to the construction of national identities, especially in multicultural East-Central Europe, the region between the German and Russian hegemonic cultural powers stretching from the Baltic states to the Balkans. *History of the Literary Cultures of East-Central Europe*, which covers the last two hundred years, reconceptualizes these literary traditions by de-emphasizing the national myths and by highlighting analogies and points of contact, as well as hybrid and marginal phenomena that traditional national histories have ignored or deliberately suppressed. The four volumes of the *History* configure the literatures from five angles: (1) key political events, (2) literary periods and genres, (3) cities and regions, (4) literary institutions, and (5) real and imaginary figures. The first volume, which includes the first two of these dimensions, is a collaborative effort of more than fifty contributors from Eastern and Western Europe, the US, and Canada. The four volumes of the *History* comprise the first volume in the new subseries on *Literary Cultures*.

**The Guard** Peter Terrin 2015-01-06 Winner of the European Union Literature Prize, Peter Terrin's *The Guard* is a haunting novel of perceived oppression by the an omnipresent, but unknown, authority. Harry and Michel stick to their posts. All they know, all they can hope for, is that if they are vigilant, the "Organization" will reward them with a promotion to an elite cadre of security officers. But what if there were no one left to guard? Playing on our darkest fears, *The Guard* is a tautly observed novel by a writer of striking and stylish originality.

**I Who Have Never Known Men** Jacqueline Harpman 1997-04-08 A work of fantasy, *I Who Have Never Known Men* is the haunting and unforgettable account of a near future on a barren earth where women

are kept in underground cages guarded by uniformed groups of men. It is narrated by the youngest of the women, the only one with no memory of what the world was like before the cages, who must teach herself, without books or sexual contact, the essential human emotions of longing, loving, learning, companionship, and dying. Part thriller, part mystery, *I Who Have Never Known Men* shows us the power of one person without memories to reinvent herself piece by piece, emotion by emotion, in the process teaching us much about what it means to be human.

The Twins Tessa de Loo 2000 Twins who were orphaned at six and sent to live with different relatives on opposite sides of WW II are reunited by chance seventy years later at a Belgian health resort. This international bestseller, a powerful novel, is both a European allegory and a poignant story of family ties.

*Rivers* Martin Michael Driessen 2018 A critically acclaimed, award-winning collection drawing sparkling prose from the inspiration of three rivers passing through different times and places. On the storm-swollen Aisne in northeastern France, an alcoholic actor combats both his demons and nature's tempests. Along the Main and Rhine in Germany, a kindhearted logger has but one wish: to travel with the lumber from his small Franconian hometown to the end of the river in the Netherlands, where it feeds into the majestic North Sea. In a bucolic vale in the French region of Brittany, two families, divided by religion and an unnamed stream, sustain a centuries-old feud, their resolve no match for the constantly shifting flow of water. These three stories span countries and eras, but they are all connected by, and reliant on, the unpredictable power and languid beauty of rivers that give life as quickly as they take it away.

**Future Home of the Living God** Louise Erdrich 2017-11-14 A New York Times Notable Book Louise Erdrich, the New York Times bestselling, National Book Award-winning author of *LaRose* and *The Round House*, paints a startling portrait of a young woman fighting for her life and her unborn child against oppressive forces that manifest in the wake of a cataclysmic event. The world as we know it is ending. Evolution has reversed itself, affecting every living creature on earth. Science cannot stop the world from running backwards, as woman after woman gives birth to infants that appear to be primitive species of humans. Twenty-six-year-old Cedar Hawk Songmaker, adopted daughter of a pair of big-hearted, open-minded Minneapolis liberals, is as

disturbed and uncertain as the rest of America around her. But for Cedar, this change is profound and deeply personal. She is four months pregnant. Though she wants to tell the adoptive parents who raised her from infancy, Cedar first feels compelled to find her birth mother, Mary Potts, an Ojibwe living on the reservation, to understand both her and her baby's origins. As Cedar goes back to her own biological beginnings, society around her begins to disintegrate, fueled by a swelling panic about the end of humanity. There are rumors of martial law, of Congress confining pregnant women. Of a registry, and rewards for those who turn these wanted women in. Flickering through the chaos are signs of increasing repression: a shaken Cedar witnesses a family wrenched apart when police violently drag a mother from her husband and child in a parking lot. The streets of her neighborhood have been renamed with Bible verses. A stranger answers the phone when she calls her adoptive parents, who have vanished without a trace. It will take all Cedar has to avoid the prying eyes of potential informants and keep her baby safe. A chilling dystopian novel both provocative and prescient, *Future Home of the Living God* is a startlingly original work from one of our most acclaimed writers: a moving meditation on female agency, self-determination, biology, and natural rights that speaks to the troubling changes of our time.

*The Repair of the World* Kerstin W. Shands 1994-11-30 In Marge Piercy's work, the repair of the world involves an affirmation of a healing and nurturing principle, sometimes depicted as matriarchal, but generally not gender-bound. In this book, the first comprehensive, critical survey of all of Piercy's fiction to date (including her newest novel, *The Longings of Women*), the author places Piercy in American literary history and in American neofeminist thought. She also highlights Piercy's analysis of power patterns in intimate relationships and in society, and constructions of sexuality and gender as they relate to issues of class and ethnicity. Situated within a feminist discursive space, *The Repair of the World* both builds on and challenges earlier Piercy criticism.

We and Me Saskia de Coster 2018-10 As sharp as a knife and with great psychological insight the author investigates the "we" feeling versus the

longing for freedom and individuality.

**The Killer Next Door** Alex Marwood 2014-10-28 "The Killer Next Door

is even better [than *The Wicked Girls*]. Scary as hell. Great characters." —Stephen King Winner of the Macavity Award for Best Mystery Novel and nominated for the Anthony Award for Best Paperback Original Everyone who lives at 23 Beulah Grove has a secret. If they didn't, they wouldn't be renting rooms in a sketchy South London building for cash—no credit check, no lease. It's the kind of place you end up when you you've run out of other options. The six residents mostly keep to themselves, but one unbearably hot summer night, a terrible accident pushes them into an uneasy alliance. What they don't know is that one of them is a killer. He's already chosen his next victim, and he'll do anything to protect his secret. Alex Marwood's debut novel *The Wicked Girls* earned her lavish praise from the likes of Elizabeth Haynes, Laura Lippman, and Erin Kelly and received the Edgar Award. Now, Marwood's back with a brilliant, tightly paced thriller that will keep you up at night and make you ask yourself: just how well do you know your neighbors? "Taut, assured and reminiscent of Ruth Rendell's psychological novels, Marwood's second book more than lives up to the promise shown in her splendid debut, *The Wicked Girls*." —The Guardian

**The Death of Murat Idrissi** Tommy Wieringa 2019-01-08 Two venturesome women on a journey through the land of their fathers and mothers. A wrong turn. A bad decision. They had no idea, when they arrived in Morocco, that their usual freedoms as young European women would not be available. So, when the spry Saleh presents himself as their guide and saviour, they embrace his offer. He extracts them from a tight space, only to lead them inexorably into an even tighter one: and from this far darker space there is no exit. Their tale of confinement and escape is as old as the landscapes and cultures so vividly depicted in this story of where Europe and Africa come closest to meeting, even if they never quite touch.
