

His Absolute Obsession The Billionaires Paradigm 1 Contemporary Romance

Introduction to Sociology 3e Tonja R. Conerly 2023-05-19

Soviet Marxism Herbert Marcuse 1961 -- Douglas Kellner, University of Texas, Austin

Less is More Jason Hickel 2020-08-13 'A powerfully disruptive book for disrupted times ... If you're looking for transformative ideas, this book is for you.' KATE RAWORTH, economist and author of Doughnut Economics A Financial Times Book of the Year

Our planet is in trouble. But how can we reverse the current crisis and create a sustainable future? The answer is: DEGROWTH. Less is More is the wake-up call we need. By shining a light on ecological breakdown and the system that's causing it, Hickel shows how we can bring our economy back into balance with the living world and build a thriving society for all. This is our chance to change course, but we must act now.

'A masterpiece... Less is More covers centuries and continents, spans academic disciplines, and connects contemporary and ancient events in a way which cannot be put down until it's finished.' DANNY DORLING, Professor of Geography, University of Oxford 'Jason is able to personalise the global and swarm the mind in the way that insects used to in abundance but soon shan't unless we are able to heed his beautifully rendered warning.' RUSSELL BRAND 'Jason Hickel shows that recovering the commons and decolonizing nature, cultures, and humanity are necessary conditions for hope of a common future in our common home.' VANDANA SHIVA, author of Making Peace With the Earth 'This is a book we have all been waiting for. Jason Hickel dispels ecomodernist fantasies of "green growth". Only degrowth can avoid climate breakdown. The facts are indisputable and they are in this book.' GIORGIS KALLIS, author of Degrowth 'Capitalism has robbed us of our ability to even imagine something different; Less is More gives us the ability to not only dream of another world, but also the tools by which we can make that vision real.' ASAD REHMAN, director of War on Want 'One of the most important books I have read ... does something extremely rare: it outlines a clear path to a sustainable future for all.' RAOUL MARTINEZ, author of Creating Freedom 'Jason Hickel takes us on a profound journey through the last 500 years of capitalism and into the current crisis of ecological collapse. Less is More is required reading for anyone interested in what it means to live in the Anthropocene, and what we can do about it.' ALNOOR LADHA, co-founder of The Rules 'Excellent analysis...This book explores not only the systemic flaws but the deeply cultural beliefs that need to be uprooted and replaced.' ADELE WALTON

Frankenstein Shelley 2023-01-11 Frankenstein is a novel by Mary Shelley. It was first published in 1818. Ever since its publication, the story of Frankenstein has remained brightly in the imagination of the readers and literary circles across the countries. In the novel, an English explorer in the Arctic, who assists Victor Frankenstein on the final leg of his chase, tells the story. As a talented young medical student, Frankenstein strikes upon the secret of endowing life to the dead. He becomes obsessed with the idea that he might make a man. The Outcome is a miserable and an outcast who seeks murderous revenge for his condition. Frankenstein pursues him when the creature flees. It is at this juncture t that Frankenstein meets the explorer and recounts his story, dying soon after. Although it has been adapted into films numerous times, they failed to effectively convey the stark horror and philosophical vision of the novel. Shelley's novel is a combination of Gothic horror story and science fiction.

Business Ethics Stephen M. Byars 2023-05-20 Color print. Business Ethics is designed to meet the scope and sequence requirements of the single-semester business ethics course. This title includes innovative features designed to enhance student learning, including case studies, application scenarios, and links to video interviews with executives, all of which help instill in students a sense of ethical awareness and responsibility.

The Initiation Nikki Sloane 2019-05-28 No one knows how new members are selected to the board of Hale Banking and Holding. But there are rumors of a sordid rite of initiation. Whispers how one woman and nine men disappear into a boardroom. This time, that woman will be me. The Hale family owns everything—the eighth largest bank in the world, everyone in our town, even the mortgage on my parents’ mansion. And now Royce Hale wants to own me. He is charming. Seductive. Ruthless. But above all, he’s the prince of lies. My body may tighten with white-hot

desire under his penetrating gaze, but I refuse to enjoy it. I’ll make a deal with the devil to save my family and sell myself to the Hales. But Royce will never own my heart. But Is It Art? Cynthia Freeland 2002-02-07 In today's art world many strange, even shocking, things qualify as art. In this book, Cynthia Freeland explains why innovation and controversy are valued in the arts, weaving together philosophy and art theory with many fascinating examples. She discusses blood, beauty, culture, money, museums, sex, and politics, clarifying contemporary and historical accounts of the nature, function, and interpretation of the arts. Freeland also propels us into the future by surveying cutting-edge web sites, along with the latest research on the brain's role in perceiving art. This clear, provocative book engages with the big debates surrounding our responses to art and is an invaluable introduction to anyone interested in thinking about art. The Sociology of Religion George Lundskow 2008-06-10 Most Sociology of Religion texts are decidedly staid and uninteresting, covering "contemporary" developments which are only contemporary only from a disciplinary perspective. They are not contemporary if viewed from the perspective of the religion's practioners (in religious and non-religious settings). The textbooks that attempt to be interesting to undergraduate students often fall short because they either try to cover too much in an encyclopedic format, or sacrifice a sociological perspective for a personal one. Many use real-life examples only superficially to illustrate concepts. Lundskow's approach is the opposite—students will learn the facts of religion in its great diversity, all the most interesting and compelling beliefs and practices, and then learn relevant concepts that can be used to explain empirical observations. The book thus follows the logic of actual research—investigate and then analyze—rather than approaching concepts with no real bearing on how religion is experienced in society. This approach, using provocative examples and with an eye toward the historical and theoretical, not to mention global experience of religion, will make this book a success in the classroom. The author envisions a substantive approach that examines religion as it actually exists in all its forms, including belief, ritual, daily living, identity, institutions, social movements, social control, and social change. Within these broad categories, the book will devote particular chapters to important historical moments and movements, leaders, and various individual religions that have shaped the contemporary form and effect of religion in the world today.

The Age of Surveillance Capitalism Shoshana Zuboff 2019-01-15 The challenges to humanity posed by the digital future, the first detailed examination of the unprecedented form of power called "surveillance capitalism," and the quest by powerful corporations to predict and control our behavior. The heady optimism of the Internet’s early days has turned dark. Surveillance capitalism has deepened inequality, sown societal chaos, and undermined democracy. The fight for a human future has never been more urgent. Shoshana Zuboff argues that we still have the power to decide what kind of world we want to live in: Will we allow surveillance capitalism to wrap us in its iron cage as it enriches the few and subjugates the many? Or will we demand the rights and laws that place this rogue power under the democratic rule of law? Only democracy can ensure that the vast new capabilities of the digital era are harnessed to the advancement of humanity. The Age of Surveillance Capitalism is a deeply original, exquisitely reasoned, and spell binding examination of our emerging information civilization and the life and death choices we face.

Crux Ramez Naam 2013-08-20 The stunning sequel to NEXUS Six months have passed since the release of Nexus 5. The world is a different, more dangerous place. In the United States, the terrorists - or freedom fighters - of the Post-Human Liberation Front use Nexus to turn men and women into human time bombs aimed at the President and his allies. In Washington DC, a government scientist, secretly addicted to Nexus, uncovers more than he wants to know about the forces behind the assassinations, and finds himself in a maze with no way out. In Thailand, Samantha Cataranes has found peace and contentment with a

group of children born with Nexus in their brains. But when forces threaten to tear her new family apart, Sam will stop at absolutely nothing to protect the ones she holds dear. In Vietnam, Kade and Feng are on the run from bounty hunters seeking the price on Kade's head, from the CIA, and from forces that want to use the back door Kade has built into Nexus 5. Kade knows he must stop the terrorists misusing Nexus before they ignite a global war between human and posthuman. But to do so, he'll need to stay alive and ahead of his pursuers. And in Shanghai, a posthuman child named Ling Shu will go to dangerous and explosive lengths to free her uploaded mother from the grip of Chinese authorities. The first blows in the war between human and posthuman have been struck. The world will never be the same. File Under: Science Fiction [Upgraded | Closer Than You Think | Upload | Civil War] Praise for Book 1: NEXUS:"The only serious successor to Michael Crichton." - Scott Harrison, author of Archangel "Good. Scary Good." - Wired "One of the Best Books of 2013"- NPR "Provocative. A double-edged vision of the post-human." - The Wall Street Journal "Starred Review. Naam turns in a stellar performance in his debut SF novel. What matters here is the remarkable scope and narrative power of the story." - Booklist "A gripping piece of near future speculation... all the grit and pace of the Bourne films." - Alastair Reynolds, author of Revelation Space "A lightning bolt of a novel, with a sense of awe missing from a lot of current fiction." - Ars Technica "A rich cast of characters...the action scenes are crisp, the glimpses of future tech and culture are mesmerizing." - Publishers Weekly "Read it before everyone's talking about it." - John Barnes Praise for Book 2: CRUX: "A blisteringly paced technothriller that dives deeper and even better into the chunky questions raised by Nexus. This is a fabulous book, and it ends in a way that promises at least one more. Count me in." - Cory Doctorow, author of Little Brother "Nexus and Crux are a devastating look into the political consequences of transhumanism; a sharp, chilling look at our likely future." - Charles Stross "Smart, thoughtful, and hard to drop, this richly nuanced sequel outshines its predecessor." - Publishers Weekly "A heady cocktail of ideas and page-turning prose. It left my brain buzzing for days afterwards." - Hannu Rajaniemi, author of The Quantum Thief "Highly recommended for preparation of the future revolution." - Harper Reed, Former CTO, Obama for America

21 Lessons for the 21st Century Yuval Noah Harari 2018-09-04 New York Times Bestseller National Bestseller With *Sapiens* and *Homo Deus*, Yuval Noah Harari first explored the past, then the future of humankind, garnering the praise of no less than Barack Obama, Bill Gates, and Mark Zuckerberg, to name a few, and selling millions of copies in the over 30 countries it was published. In *21 Lessons for the 21st Century*, he devotes himself to the present. *21 Lessons For the 21st Century* provides a kind of instruction manual for the present day to help readers find their way around the 21st century, to understand it, and to focus on the really important questions of life. Once again, Harari presents this in the distinctive, informal, and entertaining style that already characterized his previous books. The topics Harari examines in this way include major challenges such as international terrorism, fake news, and migration, as well as turning to more personal, individual concerns, such as our time for leisure or how much pressure and stress we can take. *21 Lessons for the 21st Century* answers the overarching question: What is happening in the world today, what is the deeper meaning of these events, and how can we individually steer our way through them? The questions include what the rise of Trump signifies, whether or not God is back, and whether nationalism can help solve problems like global warming. Few writers of non-fiction have captured the imagination of millions of people in quite the astonishing way Yuval Noah Harari has managed, and in such a short space of time. His unique ability to look at where we have come from and where we are going has gained him fans from every corner of the globe. There is an immediacy to this new book which makes it essential reading for anyone interested in the world today and how to navigate its turbulent waters.

Practical Ethics Peter Singer 2011-02-21 For thirty years, Peter Singer's *Practical Ethics* has been the classic introduction to applied ethics. For this third edition, the author has revised and updated all the chapters and added a new chapter addressing climate change, one of the most important ethical challenges of our generation. Some of the questions discussed in this book concern our daily lives. Is it ethical to buy luxuries when others do not have enough to eat? Should we buy meat from intensively reared animals? Am I doing something wrong if my carbon footprint is above the global average? Other questions confront us as concerned citizens: equality and discrimination on the grounds of race or sex; abortion, the use of embryos for research and euthanasia; political

violence and terrorism; and the preservation of our planet's environment. This book's lucid style and provocative arguments make it an ideal text for university courses and for anyone willing to think about how she or he ought to live.

The Ascent of Humanity Charles Eisenstein 2013-02-05 The author of *The More Beautiful World Our Hearts Know Is Possible* explores the history and potential future of civilization, tracing the converging crises of our age to the illusion of the separate self Our disconnection from one another and the natural world has mislaid the foundations of science, religion, money, technology, economics, medicine, and education as we know them. It has fired our near-pathological pursuit of technological Utopias even as we push ourselves and our planet to the brink of collapse. Fortunately, an Age of Reunion is emerging out of the birth pangs of an earth in crisis. Our journey of separation hasn't been a terrible mistake but an evolutionary process and an adventure in self-discovery. Even in our darkest hour, Eisenstein sees the possibility of a more beautiful world—not through the extension of millennia-old methods of management and control but by fundamentally reimagining ourselves and our systems. We must shift away from our Babelian efforts to build ever-higher towers to heaven and instead turn out attention to creating a new kind of civilization—one designed for beauty rather than height.

India Unbound Gurcharan Das 2001-06-27 India today is a vibrant free-market democracy, a nation well on its way to overcoming decades of widespread poverty. The nation's rise is one of the great international stories of the late twentieth century, and in *India Unbound* the acclaimed columnist Gurcharan Das offers a sweeping economic history of India from independence to the new millennium. Das shows how India's policies after 1947 condemned the nation to a hobbled economy until 1991, when the government instituted sweeping reforms that paved the way for extraordinary growth. Das traces these developments and tells the stories of the major players from Nehru through today. As the former CEO of Procter & Gamble India, Das offers a unique insider's perspective and he deftly interweaves memoir with history, creating a book that is at once vigorously analytical and vividly written. Impassioned, erudite, and eminently readable, *India Unbound* is a must for anyone interested in the global economy and its future.

A Passion for Ideas Heinrich von Pierer 2002 Business and industry leaders are eager to find ways to spark the creative instinct in their work forces. The creation, implementation, and sustainability of new ideas is the lifeblood ensuring the growth and viability of any organization. Without continuing innovation, competitive advantage and global market share are endangered. Once-thriving organizations can find themselves unprepared for the future. This newly translated work examines the multi-layered environment of innovation by melding the thoughts of business management pundits like Peter Senge with the views of artist, politicians, and other non-traditional thinkers like Tao Ho, Peter Greenaway, and Wolfgang Rihm. These thought leaders share their insights and help us to understand the process of creativity and construction and the methods to move organizations forward in an ever-changing climate.

Know Thy Enemy Barry R. Schneider 2003 Profiles the personalities and strategic cultures of some of the United States' most dangerous international rivals.

Making It Up Penelope Lively 2006-09-26 "Nobody writes more astutely or affectingly about [love]... than Penelope Lively." -- The Washington Post An intelligent examination of alternative destinies, choices and the moments in our lives when we could have chosen a different path, from Booker Prize-winning author Penelope Lively In this fascinating piece of fiction, Penelope Lively takes moments from her own life and asks 'what if' she had made other choices: what if she hadn't escaped from Alexandria at the outbreak of WWII? What would her life have been like if she had become pregnant when she was 18? If she had married someone else? If she taken a different job? If she had lived her life abroad? These stories offer a sublime dance between reality and imagination, inviting the reader to ask similar questions.

The Great Transformation Karl Polanyi 2025-07-08 In this classic work of economic history and social theory, Karl Polanyi analyzes the economic and social changes brought about by the "great transformation" of the Industrial Revolution. His analysis explains not only the deficiencies of the self-regulating market, but the potentially dire social consequences of untempered market capitalism. New introductory material reveals the renewed importance of Polanyi's seminal analysis in an era of globalization and free trade.

Robin Sharma Pack (8 Volume Set) Robin Sharma 2019-08-26 THE

CNN "Leadership Legend." Forbes

Albion's Seed David Hackett Fischer 1991-03-14 This fascinating book is the first volume in a projected cultural history of the United States, from the earliest English settlements to our own time. It is a history of American folkways as they have changed through time, and it argues a thesis about the importance for the United States of having been British in its cultural origins. While most people in the United States today have no British ancestors, they have assimilated regional cultures which were created by British colonists, even while preserving ethnic identities at the same time. In this sense, nearly all Americans are "Albion's Seed," no matter what their ethnicity may be. The concluding section of this remarkable book explores the ways that regional cultures have continued to dominate national politics from 1789 to 1988, and still help to shape attitudes toward education, government, gender, and violence, on which differences between American regions are greater than between European nations.

Fantasyland Kurt Andersen 2017-09-05 NEW YORK TIMES BESTSELLER • "The single most important explanation, and the fullest explanation, of how Donald Trump became president of the United States . . . nothing less than the most important book that I have read this year."—Lawrence O'Donnell How did we get here? In this sweeping, eloquent history of America, Kurt Andersen shows that what's happening in our country today—this post-factual, "fake news" moment we're all living through—is not something new, but rather the ultimate expression of our national character. America was founded by wishful dreamers, magical thinkers, and true believers, by hucksters and their suckers. Fantasy is deeply embedded in our DNA. Over the course of five centuries—from the Salem witch trials to Scientology to the Satanic Panic of the 1980s, from P. T. Barnum to Hollywood and the anything-goes, wild-and-crazy sixties, from conspiracy theories to our fetish for guns and obsession with extraterrestrials—our love of the fantastic has made America exceptional in a way that we've never fully acknowledged. From the start, our ultra-individualism was attached to epic dreams and epic fantasies—every citizen was free to believe absolutely anything, or to pretend to be absolutely anybody. With the gleeful erudition and tell-it-like-it-is ferocity of a Christopher Hitchens, Andersen explores whether the great American experiment in liberty has gone off the rails. Fantasyland could not appear at a more perfect moment. If you want to understand Donald Trump and the culture of twenty-first-century America, if you want to know how the lines between reality and illusion have become dangerously blurred, you must read this book. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE SAN FRANCISCO CHRONICLE "This is a blockbuster of a book. Take a deep breath and dive in."—Tom Brokaw "[An] absorbing, must-read polemic . . . a provocative new study of America's cultural history."—Newsday "Compelling and totally unnerving."—The Village Voice "A frighteningly convincing and sometimes uproarious picture of a country in steep, perhaps terminal decline that would have the founding fathers weeping into their beards."—The Guardian "This is an important book—the indispensable book—for understanding America in the age of Trump."—Walter Isaacson, #1 New York Times bestselling author of Leonardo da Vinci

Antigone Slavoj Žižek 2016-10-20 Antigone is universally celebrated as the ultimate figure of ethical resistance to the state power which oversteps its legitimate scope and as the defender of simple human dignity (more important than all political struggles). But is she really so innocent and pure? What if there is a dark side to her? What if Creon, the representative of state power, also has a valuable point to make? And

what if both Antigone and Creon are part of a problem that only a popular intervention can confront? Žižek's rewriting of this classic play confronts these issues in a practical way: not by theorizing about them, but by imagining an Antigone in which, at a crucial moment, the action takes a different turn, an Antigone along the lines of Run, Lola, Run or of Brecht's learning plays. A brilliantly funny, moving and political piece for those who are interested in reading and watching Antigone in an entirely new way.

Houses, Secrets, and the Closet Gero Bauer 2016-04-15 »Houses, Secrets, and the Closet« investigates the literary production of masculinities and their relation to secrets and sexualities in 18th and 19th century fiction. It focusses on close readings of Gothic fiction, Sensation Novels, and tales by Horace Walpole, Ann Radcliffe, William Godwin, Mary Elizabeth Braddon, Wilkie Collins, and Henry James. The study approaches these texts through the lens of domestic space, gender, knowledge, and power. This approach serves to investigate the cultural roots of the ›closet‹ – the male homosexual secret – which reveals a more general notion of male secrecy in modern society. The study thus contributes to a better understanding of the cultural history of masculinities and sexualities.

The Beauty of What Remains Steve Leder 2021-01-05 The national bestseller From the author of the bestselling More Beautiful Than Before comes an inspiring book about loss based on his most popular sermon. As the senior rabbi of one of the largest synagogues in the world, Steve Leder has learned over and over again the many ways death teaches us how to live and love more deeply by showing us not only what is gone but also the beauty of what remains. This inspiring and comforting book takes us on a journey through the experience of loss that is fundamental to everyone. Yet even after having sat beside thousands of deathbeds, Steve Leder the rabbi was not fully prepared for the loss of his own father. It was only then that Steve Leder the son truly learned how loss makes life beautiful by giving it meaning and touching us with love that we had not felt before. Enriched by Rabbi Leder's irreverence, vulnerability, and wicked sense of humor, this heartfelt narrative is filled with laughter and tears, the wisdom of millennia and modernity, and, most of all, an unfolding of the profound and simple truth that in loss we gain more than we ever imagined.

White Noise Don DeLillo 2011-11-21 Now a major Netflix film from Noah Baumbach, starring Adam Driver and Greta Gerwig. 'An extraordinarily funny book on a serious subject, effortlessly combining social comedy, disaster, fiction and philosophy' - Daily Telegraph Jack Gladney is the creator and chairman of Hitler studies at the College-on-the-Hill. This is the story of his absurd life. A life that is going well enough, until a chemical spill from a train carriage releases an 'Airborne Toxic Event' and Jack is forced to confront his biggest fear - his own mortality. White Noise is a combination of social satire and metaphysical dilemma in which Don DeLillo exposes our rampant consumerism, media saturation and novelty intellectualism. It captures the particular strangeness of life lived when the fear of death cannot be denied or repressed, and ponders the role of the family in a time when the very meaning of our existence is under threat. 'America's greatest living writer.' - Observer Part of the Picador Collection, a series showcasing the best of modern literature.

Undoing the Demos Wendy Brown 2015-02-13 Tracing neoliberalism's devastating erosions of democratic principles, practices, and cultures. Neoliberal rationality—ubiquitous today in statecraft and the workplace, in jurisprudence, education, and culture—remakes everything and everyone in the image of homo oeconomicus. What happens when this rationality transposes the constituent elements of democracy into an economic register? In Undoing the Demos, Wendy Brown explains how democracy itself is imperiled. The demos disintegrates into bits of human capital; concerns with justice bow to the mandates of growth rates, credit ratings, and investment climates; liberty submits to the imperative of human capital appreciation; equality dissolves into market competition; and popular sovereignty grows incoherent. Liberal democratic practices may not survive these transformations. Radical democratic dreams may not either. In an original and compelling argument, Brown explains how and why neoliberal reason undoes the political form and political imaginary it falsely promises to secure and reinvigorate. Through meticulous analyses of neoliberalized law, political practices, governance, and education, she charts the new common sense. Undoing the Demos makes clear that for democracy to have a future, it must become an object of struggle and rethinking.

Salt Sugar Fat Michael Moss 2013-02-26 From a Pulitzer Prize-winning investigative reporter at The New York Times comes the troubling story

of the rise of the processed food industry -- and how it used salt, sugar, and fat to addict us. Salt Sugar Fat is a journey into the highly secretive world of the processed food giants, and the story of how they have deployed these three essential ingredients, over the past five decades, to dominate the North American diet. This is an eye-opening book that demonstrates how the makers of these foods have chosen, time and again, to double down on their efforts to increase consumption and profits, gambling that consumers and regulators would never figure them out. With meticulous original reporting, access to confidential files and memos, and numerous sources from deep inside the industry, it shows how these companies have pushed ahead, despite their own misgivings (never aired publicly). Salt Sugar Fat is the story of how we got here, and it will hold the food giants accountable for the social costs that keep climbing even as some of the industry's own say, "Enough already."

Finding Latinx Paola Ramos 2020-10-20 Latinos across the United States are redefining identities, pushing boundaries, and awakening politically in powerful and surprising ways. Many—Afrolatino, indigenous, Muslim, queer and undocumented, living in large cities and small towns—are voices who have been chronically overlooked in how the diverse population of almost sixty million Latinos in the U.S. has been represented. No longer. In this empowering cross-country travelogue, journalist and activist Paola Ramos embarks on a journey to find the communities of people defining the controversial term, “Latinx.” She introduces us to the indigenous Oaxacans who rebuilt the main street in a post-industrial town in upstate New York, the “Las Poderosas” who fight for reproductive rights in Texas, the musicians in Milwaukee whose beats reassure others of their belonging, as well as drag queens, environmental activists, farmworkers, and the migrants detained at our border. Drawing on intensive field research as well as her own personal story, Ramos chronicles how “Latinx” has given rise to a sense of collectivity and solidarity among Latinos unseen in this country for decades. A vital and inspiring work of reportage, Finding Latinx calls on all of us to expand our understanding of what it means to be Latino and what it means to be American. The first step towards change, writes Ramos, is for us to recognize who we are.

The Late Age of Print Ted Striphas 2009-04-08 Ted Striphas argues that, although the production and propagation of books have undoubtedly entered a new phase, printed works are still very much a part of our everyday lives. With examples from trade journals, news media, films, advertisements, and a host of other commercial and scholarly materials, Striphas tells a story of modern publishing that proves, even in a rapidly digitizing world, books are anything but dead. From the rise of retail superstores to Oprah's phenomenal reach, Striphas tracks the methods through which the book industry has adapted (or has failed to adapt) to rapid changes in twentieth-century print culture. Barnes & Noble, Borders, and Amazon.com have established new routes of traffic in and around books, and pop sensations like Harry Potter and the Oprah Book Club have inspired the kind of brand loyalty that could only make advertisers swoon. At the same time, advances in digital technology have presented the book industry with extraordinary threats and unique opportunities. Striphas's provocative analysis offers a counternarrative to those who either triumphantly declare the end of printed books or deeply mourn their passing. With wit and brilliant insight, he isolates the invisible processes through which books have come to mediate our social interactions and influence our habits of consumption, integrating themselves into our routines and intellects like never before.

The Seven Habits of Highly Effective People Stephen R. Covey 1997 A revolutionary guidebook to achieving peace of mind by seeking the roots of human behavior in character and by learning principles rather than just practices. Covey's method is a pathway to wisdom and power.

Spook Country William Gibson 2008-07-31 'Among our most fascinating novelists ... unmissable' Daily Telegraph ----- THE SECOND NOVEL IN THE BLUE ANT TRILOGY - READ PATTERN RECOGNITION AND ZERO HISTORY FOR MORE In New York, a young Cuban called Tito is passing iPods to a mysterious old man. Such activities do not go unnoticed, however, in these early days of the War on Terror, and Tito's movements are being tracked. Meanwhile, in LA, journalist Hollis Henry is on the trail of Bobby Chombo, who appears to know too much about military systems for his own good. With Bobby missing and the trail cold, Hollis digs deeper and is drawn into the final moves of a chilling game . . . A gripping spy thriller by William Gibson, bestselling author of Neuromancer. Part prophesy, part satire, Spook Country skewers the absurdity of modern life with the lightest and most engaging of touches. Readers of Neal Stephenson, Ray Bradbury and Iain M. Banks won't be able to put this book down. ----- 'A cool, sophisticated thriller' Financial

Times 'Superb, brilliant. A compulsive and deeply intelligent literary thriller' New Statesman 'A neat, up-to-the-minute spy thriller' Metro Neuromancer has sold more than 6.5 million copies worldwide since publication, Guardian, July 2014

The Fifth Profession David Morrell 1990 From the bestselling author of First Blood comes a spectacular thriller, in which a former Navy SEAL and a Japanese samurai master are bound together in a terrifying past that never happened.

Good Economics for Hard Times Abhijit V. Banerjee 2019-11-12 The winners of the Nobel Prize show how economics, when done right, can help us solve the thorniest social and political problems of our day. Figuring out how to deal with today's critical economic problems is perhaps the great challenge of our time. Much greater than space travel or perhaps even the next revolutionary medical breakthrough, what is at stake is the whole idea of the good life as we have known it. Immigration and inequality, globalization and technological disruption, slowing growth and accelerating climate change--these are sources of great anxiety across the world, from New Delhi and Dakar to Paris and Washington, DC. The resources to address these challenges are there-- what we lack are ideas that will help us jump the wall of disagreement and distrust that divides us. If we succeed, history will remember our era with gratitude; if we fail, the potential losses are incalculable. In this revolutionary book, renowned MIT economists Abhijit V. Banerjee and Esther Duflo take on this challenge, building on cutting-edge research in economics explained with lucidity and grace. Original, provocative, and urgent, Good Economics for Hard Times makes a persuasive case for an intelligent interventionism and a society built on compassion and respect. It is an extraordinary achievement, one that shines a light to help us appreciate and understand our precariously balanced world.

Slaying Goliath Diane Ravitch 2020-01-21 From one of the foremost authorities on education in the United States, Slaying Goliath is an impassioned, inspiring look at the ways in which parents, teachers, and activists are successfully fighting back to defeat the forces that are trying to privatize America's public schools. Diane Ravitch writes of a true grassroots movement sweeping the country, from cities and towns across America, a movement dedicated to protecting public schools from those who are funding privatization and who believe that America's schools should be run like businesses and that children should be treated like customers or products. Slaying Goliath is about the power of democracy, about the dangers of plutocracy, and about the potential of ordinary people—armed like David with only a slingshot of ideas, energy, and dedication—to prevail against those who are trying to divert funding away from our historic system of democratically governed, nonsectarian public schools. Among the lessons learned from the global pandemic of 2020 is the importance of our public schools and their teachers and the fact that distance learning can never replace human interaction, the personal connection between teachers and students.

Homo Deus Yuval Noah Harari 2017-02-21 Official U.S. edition with full color illustrations throughout. NEW YORK TIMES BESTSELLER Yuval Noah Harari, author of the critically-acclaimed New York Times bestseller and international phenomenon Sapiens, returns with an equally original, compelling, and provocative book, turning his focus toward humanity's future, and our quest to upgrade humans into gods. Over the past century humankind has managed to do the impossible and rein in famine, plague, and war. This may seem hard to accept, but, as Harari explains in his trademark style—thorough, yet riveting—famine, plague and war have been transformed from incomprehensible and uncontrollable forces of nature into manageable challenges. For the first time ever, more people die from eating too much than from eating too little; more people die from old age than from infectious diseases; and more people commit suicide than are killed by soldiers, terrorists and criminals put together. The average American is a thousand times more likely to die from binging at McDonalds than from being blown up by Al Qaeda. What then will replace famine, plague, and war at the top of the human agenda? As the self-made gods of planet earth, what destinies will we set ourselves, and which quests will we undertake? Homo Deus explores the projects, dreams and nightmares that will shape the twenty-first century—from overcoming death to creating artificial life. It asks the fundamental questions: Where do we go from here? And how will we protect this fragile world from our own destructive powers? This is the next stage of evolution. This is Homo Deus. With the same insight and clarity that made Sapiens an international hit and a New York Times bestseller, Harari maps out our future.

Social Mobility Myths Peter Saunders 2010 In a 'meritocratic' society, people's achievements mainly reflect their own efforts and talents - if you

are reasonably bright and motivated there is little stopping you from succeeding in life. In *Social Mobility Myths*, Peter Saunders, Professor Emeritus of Sociology at the University of Sussex, sets out to convince the political class that much of what they believe (or say they believe) about social mobility in this country is either false or more complicated than they think. According to Saunders, modern Britain is a much more open and meritocratic society than most of us realise and talent and motivation are the key drivers of success and achievement. In *Social Mobility Myths*, Saunders investigates the link between intelligence and social class using empirical sociological models. He argues that by ignoring intelligence, current thinking is in danger of spawning policies that will not work, and which might even make things worse. The bottom line is this: we cannot hope to develop good policies if we ignore the key influence on the phenomenon we are hoping to change.

The 5AM Club Robin Sharma 2018-12-04 Legendary leadership and elite performance expert Robin Sharma introduced The 5am Club concept over twenty years ago, based on a revolutionary morning routine that has helped his clients maximize their productivity, activate their best health and bulletproof their serenity in this age of overwhelming complexity. Now, in this life-changing book, handcrafted by the author over a rigorous four-year period, you will discover the early-rising habit that has helped so many accomplish epic results while upgrading their happiness, helpfulness and feelings of aliveness. Through an enchanting—and often amusing—story about two struggling strangers who meet an eccentric tycoon who becomes their secret mentor, The 5am Club will walk you through: How great geniuses, business titans and the world’s wisest people start their mornings to produce astonishing achievements A little-known formula you can use instantly to wake up early feeling inspired, focused and flooded with a fiery drive to get the most out of each day A step-by-step method to protect the quietest hours of daybreak so you have time for exercise, self-renewal and personal growth A neuroscience-based practice proven to help make it easy to rise while most people are sleeping, giving you precious time for yourself to think, express your creativity and begin the day peacefully instead of being rushed “Insider-only” tactics to defend your gifts, talents and dreams against digital distraction and trivial diversions so you enjoy fortune, influence and a magnificent impact on the world Part manifesto for mastery, part playbook for genius-grade productivity and part companion for a life lived beautifully, The 5am Club is a work that will transform your life. Forever.

The Next Apocalypse Chris Begley 2021-11-16 In this insightful book, an underwater archaeologist and survival coach shows how understanding the collapse of civilizations can help us prepare for a troubled future. Pandemic, climate change, or war: our era is ripe with the odor of doomsday. In movies, books, and more, our imaginations run wild with visions of dreadful, abandoned cities and returning to the land in a desperate attempt at survival. In *The Next Apocalypse*, archaeologist Chris Begley argues that we completely misunderstand how disaster works. Examining past collapses of civilizations, such as the Maya and Rome, he argues that these breakdowns are actually less about cataclysmic destruction than they are about long processes of change. In short: it’s what happens after the initial uproar that matters. Some people abandon their homes and neighbors; others band together to start anew. As we anticipate our own fate, Begley tells us that it was communities, not lone heroes, who survived past apocalypses—and who will survive the next. Fusing archaeology, survivalism, and social criticism, *The Next Apocalypse* is an essential read for anxious times.

The Very Secret Diary Arabella 2015-03-14

The Elephant in the Brain Kevin Simler 2018 Human beings are primates, and primates are political animals. Our brains, therefore, are designed not just to hunt and gather, but also to help us get ahead socially, often via deception and self-deception. But while we may be self-interested schemers, we benefit by pretending otherwise. The less we know about our own ugly motives, the better - and thus we don't like to talk or even think about the extent of our selfishness. This is "the elephant in the brain." Such an introspective taboo makes it hard for us to think clearly about our nature and the explanations for our behavior. The aim of this book, then, is to confront our hidden motives directly - to track down the darker, unexamined corners of our psyches and blast them with floodlights. Then, once everything is clearly visible, we can work to better understand ourselves: Why do we laugh? Why are artists sexy? Why do we brag about travel? Why do we prefer to speak rather than listen? Our unconscious motives drive more than just our private behavior; they also infect our venerated social institutions such as Art, School, Charity, Medicine, Politics, and Religion. In fact, these

institutions are in many ways designed to accommodate our hidden motives, to serve covert agendas alongside their "official" ones. The existence of big hidden motives can upend the usual political debates, leading one to question the legitimacy of these social institutions, and of standard policies designed to favor or discourage them. You won't see yourself - or the world - the same after confronting the elephant in the brain.

His Absolute Obsession The Billionaires Paradigm 1 Contemporary Romance

Welcome to sp.athena-security.com, your go-to destination for a vast collection of **His Absolute Obsession The Billionaires Paradigm 1 Contemporary Romance** PDF eBooks. We are passionate about making the world of literature accessible to everyone, and our platform is designed to provide you with a seamless and enjoyable for His Absolute Obsession The Billionaires Paradigm 1 Contemporary Romance eBook downloading experience.

At sp.athena-security.com, our mission is simple: to democratize knowledge and foster a love for reading His Absolute Obsession The Billionaires Paradigm 1 Contemporary Romance. We believe that everyone should have access to His Absolute Obsession The Billionaires Paradigm 1 Contemporary Romance eBooks, spanning various genres, topics, and interests. By offering His Absolute Obsession The Billionaires Paradigm 1 Contemporary Romance and a rich collection of PDF eBooks, we aim to empower readers to explore, learn, and immerse themselves in the world of literature.

In the vast expanse of digital literature, finding His Absolute Obsession The Billionaires Paradigm 1 Contemporary Romance sanctuary that delivers on both content and user experience is akin to discovering a hidden gem. Enter sp.athena-security.com, His Absolute Obsession The Billionaires Paradigm 1 Contemporary Romance PDF eBook download haven that beckons readers into a world of literary wonders. In this His Absolute Obsession The Billionaires Paradigm 1 Contemporary Romance review, we will delve into the intricacies of the platform, exploring its features, content diversity, user interface, and the overall reading experience it promises.

At the heart of sp.athena-security.com lies a diverse collection that spans genres, catering to the voracious appetite of every reader. From classic novels that have withstood the test of time to contemporary page-turners, the library pulsates with life. The His Absolute Obsession The Billionaires Paradigm 1 Contemporary Romance of content is evident, offering a dynamic range of PDF eBooks that oscillate between profound narratives and quick literary escapes.

One of the defining features of His Absolute Obsession The Billionaires Paradigm 1 Contemporary Romance is the orchestration of genres, creating a symphony of reading choices. As you navigate through the His Absolute Obsession The Billionaires Paradigm 1 Contemporary Romance, you will encounter the perplexity of options — from the structured complexity of science fiction to the rhythmic simplicity of romance. This diversity ensures that every reader, irrespective of their literary taste, finds His Absolute Obsession The Billionaires Paradigm 1 Contemporary Romance within the digital shelves.

In the realm of digital literature, burstiness is not just about variety but also the joy of discovery. His Absolute Obsession The Billionaires Paradigm 1 Contemporary Romance excels in this dance of discoveries. Regular updates ensure that the content landscape is ever-changing, introducing readers to new authors, genres, and perspectives. The unpredictable flow of literary treasures mirrors the burstiness that defines human expression.

An aesthetically pleasing and user-friendly interface serves as the canvas upon which His Absolute Obsession The Billionaires Paradigm 1 Contemporary Romance paints its literary masterpiece. The websites design is a testament to the thoughtful curation of content, offering an experience that is both visually appealing and functionally intuitive. The bursts of color and images harmonize with the perplexity of literary choices, creating a seamless journey for every visitor.

The download process on His Absolute Obsession The Billionaires Paradigm 1 Contemporary Romance is a symphony of efficiency. The user is greeted with a straightforward pathway to their chosen eBook. The burstiness in the download speed ensures that the literary delight is almost instantaneous. This seamless process aligns with the human desire for swift and uncomplicated access to the treasures held within the digital library.

A key aspect that distinguishes sp.athena-security.com is its commitment to responsible eBook distribution. The platform adheres strictly to copyright laws, ensuring that every download His Absolute Obsession The Billionaires Paradigm 1 Contemporary Romance is a legal and ethical endeavor. This commitment adds a layer of ethical perplexity, resonating with the conscientious reader who values the integrity of literary creation.

sp.athena-security.com doesnt just offer His Absolute Obsession The Billionaires Paradigm 1 Contemporary Romance; it fosters a community of readers. The platform provides space for users to connect, share their literary explorations, and recommend hidden gems. This interactivity adds a burst of social connection to the reading experience, elevating it beyond a solitary pursuit.

In the grand tapestry of digital literature, sp.athena-security.com stands as a vibrant thread that weaves perplexity and burstiness into the reading journey. From the nuanced dance of genres to the swift strokes of the download process, every aspect resonates with the dynamic nature of human expression. Its not just a His Absolute Obsession The Billionaires Paradigm 1 Contemporary Romance eBook download website; its a digital oasis where literature thrives, and readers embark on a journey filled with delightful surprises.

His Absolute Obsession The Billionaires Paradigm 1 Contemporary Romance

We take pride in curating an extensive library of His Absolute Obsession The Billionaires Paradigm 1 Contemporary Romance PDF eBooks, carefully selected to cater to a broad audience. Whether youre a fan of classic literature, contemporary fiction, or specialized non-fiction, youll find something that captivates your imagination.

User-Friendly Platform

Navigating our website is a breeze. Weve designed the user interface with you in mind, ensuring that you can effortlessly discover His Absolute Obsession The Billionaires Paradigm 1 Contemporary Romance

and download His Absolute Obsession The Billionaires Paradigm 1 Contemporary Romance eBooks. Our search and categorization features are intuitive, making it easy for you to find His Absolute Obsession The Billionaires Paradigm 1 Contemporary Romance.

Legal and Ethical Standards

sp.athena-security.com is committed to upholding legal and ethical standards in the world of digital literature. We prioritize the distribution of His Absolute Obsession The Billionaires Paradigm 1 Contemporary Romance that are either in the public domain, licensed for free distribution, or provided by authors and publishers with the right to share their work. We actively discourage the distribution of copyrighted material without proper authorization.

Quality: Each eBook in our collection is carefully vetted to ensure a high standard of quality. We want your reading experience to be enjoyable and free of formatting issues.

Variety: We regularly update our library to bring you the latest releases, timeless classics, and hidden gems across genres. Theres always something new to discover.

Community Engagement: We value our community of readers. Connect with us on social media, share your favorite reads, and be part of a growing community passionate about literature.

Join Us on the Reading His Absolute Obsession The Billionaires Paradigm 1 Contemporary Romance

Whether youre an avid reader, a student looking for study materials, or someone exploring the world of eBooks for the first time, sp.athena-security.com is here to cater to His Absolute Obsession The Billionaires Paradigm 1 Contemporary Romance. Join us on this reading journey, and let the pages of our eBooks transport you to new worlds, ideas, and experiences.

We understand the thrill of discovering something new. Thats why we regularly update our library, ensuring you have access to His Absolute Obsession The Billionaires Paradigm 1 Contemporary Romance, celebrated authors, and hidden literary treasures. With each visit, anticipate fresh possibilities for your reading His Absolute Obsession The Billionaires Paradigm 1 Contemporary Romance.

Thank you for choosing sp.athena-security.com as your trusted source for PDF eBook downloads. Happy reading His Absolute Obsession The Billionaires Paradigm 1 Contemporary Romance.
