Shakespeare's Local Pete Brown 2012-12-01

Welcome to the George Inn near London Bridge; a cosy, wood-pannelled, galleried coaching house a few minutes walk from the Thames. Grab yourself a pint, listen to the chatter of the locals and lean back, resting your head against the wall. And then consider this: who else has rested their head against that wall, over the last 600 years? Chaucer and his fellow pilgrims almost certainly drank in the George on their way out of London to Canterbury. It's fair to say that Shakespeare will have popped in from the

nearby Globe for a pint, and we know that Dickens certainly did. Mail carriers changed their horses here, before heading to all four corners of Britain - while sailors drank here before visiting all four corners of the world... The pub, as Pete Brown points out, is the "primordial cell of British life" and in the George he has found the perfect case study. All life is here, from murderers, highwaymen and ladies of the night to gossiping pedlars and hard-working clerks. So sit back and watch as buildings rise and fall over the centuries, and "the beer drinker's Bill Bryson" (TLS) takes us on an entertaining tour through six centuries of history, through the stories of everyone that ever drank in one pub.

Daily Mail 'Talling has managed to show another side to the capital, one of abandoned buildings that somehow retain a sense of beauty.' Metro 'Excellent . . . As much as it is an inadvertent vision of how London might look after a catastrophe, DERELICT LONDON is valuable as a document of the one

going on right in front of us.' New Statesman
'From the iconic empty shell of Battersea Power Station to the buried 'ghost' stations of the London Underground, the city is peppered with decaying buildings. Paul Talling knows these places better than anyone in the capital.' Daily Express

Shakespeare's Pub Pete Brown 2013-05-21 A history of Britain told through the story of one very special pub, from "The Beer Drinker's Bill Bryson" (Times Literary Supplement) Welcome to the George Inn near London Bridge; a cosy, wood-paneled, galleried coaching house a few minutes' walk from the Thames. "SOCIAL AND GAMING." IV. PLEASURE GARDENS OF OLD LONDON. I. VAUXHALL. II. RANELAGH. For all races of Teutonic origin the claim is made that they are essentially home-loving people. Yet the Englishman of the sixteenth and seventeenth and eighteenth centuries, especially of the latter, is seen to have exercised considerable zeal in creating substitutes for that home which, as a Teuton, he ought to have loved above all else. This, at any rate, was emphatically the case with the Londoner, as the following pages will testify.

When he had perfected his taverns and inns, perfected them, that is, according to the light of the olden time, he set to work evolving a new species of public resort in the coffee-house. That type of establishment appears to have been responsible for the development of the club, another substitute for the home. And then came the age of the pleasure-garden. Both the latter survive, the one in a form of a more rigid exclusiveness than the eighteenth century Londoner would have deemed possible; the other in so changed a guise that frequenters of the prototype would scarcely recognize the relationship. But the coffee-house and the inn and tavern of old London exist but as a picturesque memory which these pages attempt to revive.

Great Pubs of London George Dailey
2019-04-02 A pocket-sized edition of the best-selling Great Pubs of London, this book celebrates London's most significant and historic pubs. For centuries, the pub has been an

essential part of London's cultural and social fabric. This book takes readers through the doors of 25 historically and architecturally significant London pubs. Through photographs specially commissioned for this project, readers can explore these institutions--from snob screens to 400-hundred-year-old flagstone floors.

Engaging texts highlight what makes each pub so special, their place in London's history, the personalities who have frequented them, the events that occurred inside, and the ways pubs have contributed phrases such as "on the wagon" and "one for the road" to the modern lexicon. This book reveals why the Lamb and Flag in Covent Garden earned the nickname the "Bucket of Blood," and features a pub that Charles Dickens described as a "great rambling queer old place". Furthermore, the book muses over the chances that Casanova paid a visit to The Dog and Duck in Soho, and uncovers the location of Charles De Gaulle's favorite wartime watering hole. This fascinating book is a must-

have for anyone with a love for these London institutions and its new, easy-to-carry format makes it perfect for taking on a historic pub crawl.
