American Mediterranean Matthew Pratt Guterl 2008-06-30 How did slave-owning Southerners make sense of the transformation of their world in the Civil War era? Guterl shows that they looked beyond their borders for answers and examines how the Southern elite connected—by travel, print culture, even the prospect of future conquest—with communities of New World slaveholders as they redefined their world. I Am a Star Inge Auerbacher 1993-02-01 Inge Auerbacher’s childhood was as happy and peaceful as that of any other German child—until 1942. By then, the Nazis were in power, and because Inge’s family was Jewish, she and her parents with sent to a concentration camp in Czechoslovakia. The Auerbachers defied death for three years, and were finally freed in 1945. In her own words, Inge Auerbacher tells her family’s harrowing story—and how they carried with them ever after the strength and courage of will that allowed them to survive. “A moving story . . . [The author’s] perspective, while chilling, pierces the heart with memorable imagery.” —Publishers Weekly

Reconciliation, Civil Society, and the Politics of Memory Birgit Schwelling 2012 How did civil society function as a locus for reconciliation initiatives since the beginning of the 20th century? The essays in this volume challenge the conventional understanding of reconciliation as a benign state-driven process. They explore how a range of civil society actors - from Turkish intellectuals apologizing for the Armenian Genocide to religious organizations working towards the improvement of Franco-German relations - have confronted and coped with the past. These studies offer a critical perspective on local and transnational reconciliation acts by questioning the extent to which speech became an alternative to silence, remembrance to forgetting, engagement to oblivion.

Communism for Kids Bini Adamczak 2017-03-24 Communism, capitalism, work, crisis, and the market, described in simple storybook terms and illustrated by drawings of adorable little revolutionaries. Once upon a time, people yearned to be free of the misery of capitalism. How could their dreams come true? This little book proposes a different kind of communism, one that is true to its ideals and free from authoritarianism. Offering relief for many who have been numbed by Marxist exegesis and given headaches by the earnest pompousness of socialist politics, it presents political theory in the simple terms of a children's story, accompanied by illustrations of lovable little revolutionaries experiencing their political awakening. It all unfolds like a story, with jealous princesses, fancy swords, displaced peasants, mean bosses, and tired workers—not to mention a Ouija board, a talking chair, and a big pot called “the state.” Before they know it, readers are learning about the economic history of feudalism, class struggles in capitalism, different ideas of communism, and more. Finally, competition between two factories leads to a crisis that the workers attempt to solve in six different ways (most of them borrowed from historic models of communist or socialist change). Each attempt fails, since true communism is not so easy after all. But it's also not that hard. At last, the people take everything into their own hands and decide for themselves how

to continue. Happy ending? Only the future will tell. With an epilogue that goes deeper into the theoretical issues behind the story, this book is perfect for all ages and all who desire a better world.

Billiards at Half-past Nine Heinrich Böll 1962 Three-generation story of a family of German architects who, in rebuilding their destroyed abbey, personify the alternate destruction and rebuilding of their country.

Underground in Berlin Marie Jalowicz Simon 2015-04-21 A thrilling piece of undiscovered history, this is the true account of a young Jewish woman who survived World War II in Berlin. In 1942, Marie Jalowicz, a twenty-year-old Jewish Berliner, made the extraordinary decision to do everything in her power to avoid the concentration camps. She removed her yellow star, took on an assumed identity, and disappeared into the city. In the years that followed, Marie took shelter wherever it was offered, living with the strangest of bedfellows, from circus performers and committed communists to convinced Nazis. As Marie quickly learned, however, compassion and cruelty are very often two sides of the same coin. Fifty years later, Marie agreed to tell her story for the first time. Told in her own voice with unflinching honesty, *Underground in Berlin* is a book like no other, of the surreal, sometimes absurd day-to-day life in wartime Berlin. This might be just one woman's story, but it gives an unparalleled glimpse into what it truly means to be human.

The Politics of Cultural Despair Fritz R. Stern 1974-10-07 "An enlightening and solidly documented book of great value to those who would like to trace the ideological roots behind the most erratic and dramatic politics phases of modern Germany."--"American Political Science Review" "If only because it presents the intellectual and emotional background to National Socialism with rare clarity and penetrating analysis of its several and often sharply contrasting components, the ably written and profoundly interesting book ... would be of importance ... With its useful footnotes, selective bibliography and good index Professor Stern's study is American scholarship at its best."-"International Affairs"

Ghettostadt Gordon J. Horwitz 2009-07-01 Under the Third Reich, Nazi Germany undertook an unprecedented effort to refashion the city of Łódź. Home to prewar Poland’s second most populous Jewish community, this was to become a German city of enchantment—a modern, clean, and orderly showcase of urban planning and the arts. Central to the undertaking, however, was a crime of unparalleled dimension: the ghettoization, exploitation, and ultimate annihilation of the city’s entire Jewish population. Ghettostadt is the terrifying examination of the Jewish ghetto’s place in the Nazi worldview. Exploring ghetto life in its broadest context, it deftly maneuvers between the perspectives and actions of Łódź’s beleaguered Jewish community, the Germans who oversaw and administered the ghetto’s affairs, and the “ordinary” inhabitants of the once Polish city. Gordon Horwitz reveals patterns of exchange, interactions, and interdependence within the city that are stunning in their extent and intimacy. He shows how the Nazis, exercising unbounded force and deception, exploited Jewish institutional traditions, social divisions, faith in rationality, and hope for survival to achieve their wider goal of Jewish elimination from the city and the world. With unusual narrative force, the work brings to light the crushing moral dilemmas facing one of the most significant Jewish communities of Nazi-occupied Eastern Europe, while simultaneously exploring the ideological underpinnings and cultural, economic, and social realities within which the Holocaust took shape and flourished. This lucid, powerful, and harrowing account of the daily life of the “new” German

city, both within and beyond the ghetto of Łódź, is an extraordinary revelation of the making of the Holocaust.

Echoes of the Holocaust Klas-Göran Karlsson 2003-01-01 The result of a research project conducted by Swedish scholars, this text examines interpretations and representations of the Holocaust in European societies, primarily focusing on the most recent decades. Using specific case studies, the articles in this anthology study how, when and why the collective memory of the Holocaust has been expressed and activated for cultural, economic, political and social reasons.

Conflict of Laws in Intellectual Property , European Max Planck Group on Conflict of Laws in Intellectual Property 2013-02-14 The Conflict of Laws in Intellectual Property (CLIP) Principles set out rules to resolve international disputes involving intellectual property rights, supplementing international and domestic law, as well as aiding lawyers to interpret the same. This work sets out the Principles alongside article-by-article analysis from authors of the Principles.

Under Observation Manfred Rauchensteiner 2018-11-12 Every time that something happened in Austria after 1918, the country was under observation: as German-Austria, the First Republic, the Corporative State, the Alpine and Danubian Gaue of the Greater German Reich, the Second Republic – right up to the present day. People looked, heard and generally did not keep silent, and this has not changed. As though Austria were still the same testing ground for the end of the world that Karl Kraus described it as. A gripping and varied overview of Austrian history over the last 100 years.

Rethinking the Holocaust Yehuda Bauer 2001 "Yehuda Bauer, one of the world's premier historians of the Holocaust, here presents an insightful overview and reconsideration of its history and meaning. Drawing on research he and other historians have done in recent years, he offers fresh opinions on such basic issues as how to define and explain the Holocaust; whether it can be compared with other genocides; how Jews reacted to the murder campaign against them; and what the connection is between the Holocaust and the establishment of Israel."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. National Paradigms of Migration Research Dietrich Thränhardt 2010-03-17 The varying traditions in the migration research of different countries are closely connected to the respective national political landscape and the way in which the respective national state views itself – affirmative and positive or perhaps more self-critical. Seen side by side, much emerges to be discussed and challenged that was previously beyond doubt. The present volume introduces the reader to the traditions of migration research in twelve different countries: the more traditional immigration countries of Canada and Australia, four European countries with decades of experience (United Kingdom, Germany, Austria, Netherlands), countries newer to immigration such as Italy, Poland and Japan, and finally the postcolonial countries of India, Malaysia and Nigeria. Through this comparative approach this volume presents a new approach to understanding the different research traditions. The reader is confronted with the various ways in which emigrants are included or excluded from society, thereby gaining an understanding of the existing intellectual discourses as well as learning to qualify them in the light of other solutions and traditions. Because the approaches of the respective migration research tradition are not always the same, the volume is attractive for a number of professionals: Sociologists, political scientists, ethnologists, economists, and philosophers can join together to discuss the terms migration, integration, and their relationship to social

structures. This in turn challenges premises that previously were held to be a matter of course.

Before Porn Was Legal Elizabeth Heineman 2011-07-15 Struggling to survive in post-World War II Germany, Beate Uhse (1919–2001)—a former Luftwaffe pilot, war widow, and young mother—turned to selling goods on the black market. A self-penned guide to the rhythm method found eager buyers and started Uhse on her path to becoming the world’s largest erotica entrepreneur. Battling restrictive legislation, powerful churches, and conservative social mores, she built a mail-order business in the 1950s that sold condoms, sex aids, self-help books, and more. The following decades brought the world’s first erotica shop, the legalization of pornography, the expansion of her business into eastern Germany, and web-based commerce. Uhse was only one of many erotica entrepreneurs who played a role in the social and sexual revolution accompanying Germany’s transition from Nazism to liberal democracy. Tracing the activities of entrepreneurs, customers, government officials, and citizen-activists, *Before Porn Was Legal* brings to light the profound social, legal, and cultural changes that attended the growth of the erotica sector. Heineman’s innovative readings of governmental and industry records, oral histories, and the erotica industry’s products uncover the roots of today’s sexual marketplace and reveal the indelible ways in which sexual expression and consumption have become intertwined.

Thanks to My Mother Schoschana Rabinovici 2000-03-01 Susie Weksler was only eight when Hitler's forces invaded her Lithuanian city of Vilnius. Over the next few years, she endured starvation, brutality, and forced labor in three concentration camps. With courage and ingenuity, Susie's mother helped her to survive--by disguising her as an adult to fool the camp guards, finding food to add to their scarce rations, and giving her the will to endure. This harrowing memoir portrays the best and worst of humanity in heartbreaking scenes you will never forget. Winner of the Mildred L. Batchelder Award An ALA Notable Book An NCSS-CBC Notable Children's Trade Book in the Field of Social Studies

Handbook of Research on Science Education Sandra K. Abell 2013-03-07 This state-of-the art research Handbook provides a comprehensive, coherent, current synthesis of the empirical and theoretical research concerning teaching and learning in science and lays down a foundation upon which future research can be built. The contributors, all leading experts in their research areas, represent the international and gender diversity that exists in the science education research community. As a whole, the Handbook of Research on Science Education demonstrates that science education is alive and well and illustrates its vitality. It is an essential resource for the entire science education community, including veteran and emerging researchers, university faculty, graduate students, practitioners in the schools, and science education professionals outside of universities. The National Association for Research in Science Teaching (NARST) endorses the Handbook of Research on Science Education as an important and valuable synthesis of the current knowledge in the field of science education by leading individuals in the field. The Guiltless Hermann Broch 2000 "Murder, lust, shame, hypocrisy, and suicide are at the center of The Guiltless, Hermann Broch's postwar novel about the disintegration of European society in the three decades preceding the Second World War. Broch's characters - an apathetic man who can barely remember his own name; a high-school teacher and his lover who return from the brink of a suicide pact to carry on a dishonest relationship; Zerline, a lady's maid who enslaves her mistresses, prostitutes the young country girl Melitta, and metes out her own justice against the "empty wickedness" of her betters - are trapped in their indifference, prisoners of a sort of "wakeful somnolence." These men and women may mention the "imbecile Hitler," yet they prefer a nap or sexual encounter to any social action. Broch thought the kind of

ethical perversity and political apathy exhibited by his characters paved the way for Nazism. He believed in the purifying power of writing and hoped that by revealing Germany's underlying guilt he could purge indifference from his own and future generations. In *The Guiltless*, Broch captures how apathy and ennui - very human failings - evolve into something dehumanizing and dangerous." --Book Jacket.

Three Women from Haiti Anna Seghers 2019 Fiction. Latinx Studies. African & African American Studies. *THREE WOMEN OF HAITI*, first published in German in 1980, is the final work by the great German writer, Anna Seghers. The three stories of the triptych concern women caught up in historical events across almost 500 years of Haitian history, beginning with the time of Christopher Columbus's exploratory voyages to the New World and ending in the 1970s with the repressive measures of the BÃ(c)bÃ(c) Doc Duvalier regime. These three uncompromising portrayals of women caught up in life-threatening situations form Anna Seghers's testimony work, demonstrating her lifelong concern as a revolutionary writer to give voice to those marginalized in history. Also included here is the 1948 essay Seghers wrote about the life of Toussaint Louverture and his pivotal role in the Haitian Revolution.
