Golden Grain John Wright Follette 2020-04-11 John Wright Follette was a gifted Bible teacher and author, who had both perspective and spiritual depth in his interpretation of the Word. He was an illuminated spirit in the field of spiritual reality, and had an unusual ability to impart "spirit and life" into those who sat under his ministry. A deeply spiritual man, Follette had a passion for God. He often expressed this passion through his preaching and poetry. Broken Bread captures some of that passion in its collection of twenty of his sermons and some of his poems. Full of sound scriptural exegesis and practical insight, Follette instructs and entertains, engaging both the reader's heart and mind. His passion for God is infectious, and will quickly spread to any reader of Broken Bread.

The Grand Domestic Revolution Dolores Hayden 1982-06-17 "This is a book that is full of things I have never seen before, and full of new things to say about things I thought I knew well. It is a book about houses and about culture and about how each affects the other, and it must stand as one of the major works on the history of modern housing." - Paul Goldberger, The New York Times Book Review Long before Betty Friedan wrote about "the problem that had no name" in *The Feminine Mystique*, a group of American feminists whose leaders included Melusina Fay Peirce, Mary Livermore, and Charlotte Perkins Gilman campaigned against women's isolation in the home and confinement to domestic life as the basic cause of their unequal position in society. The Grand Domestic Revolution reveals the innovative plans and visionary strategies of these persistent women, who developed the theory and practice of what Hayden calls "material feminism" in pursuit of economic independence and social equality. The material feminists' ambitious goals of socialized housework and child care meant revolutionizing the American home and creating community services. They raised fundamental questions about the relationship of men, women, and children in industrial society. Hayden analyzes the utopian and pragmatic sources of the feminists' programs for domestic reorganization and the conflicts over class, race, and gender they encountered. This history of a little-known intellectual tradition challenging patriarchal notions of "women's place" and "women's work" offers a new interpretation of the history of American feminism and a new interpretation of the history of American housing and urban design. Hayden shows how the material feminists' political ideology led them to design physical space to create housewives' cooperatives, kitchenless houses, day-care centers, public kitchens, and community dining halls. In their insistence that women be paid for domestic labor, the material feminists won the support of many suffragists and of novelists such as Edward Bellamy and William Dean Howells, who helped popularize their cause. Ebenezer Howard, Rudolph Schindler, and Lewis Mumford were among the many progressive architects and planners who promoted the reorganization of housing and neighborhoods around the needs of employed women. In reevaluating these early feminist plans for the environmental and economic transformation of American society and in recording the vigorous and many-sided arguments that evolved around the issues they raised, Hayden brings to light basic economic and spacial contradictions which outdated forms of housing and inadequate community services still create for American women and for their families.

NIV, Voices of Faith Devotional Bible Zondervan, 2012-05-29 The NIV Voices of Faith Devotional Bible combines Scriptural insights from both the past and present to reveal God’s truth for your life today.

Writers such as C.S. Lewis and Eugene Peterson, Oswald Chambers and Joni Eareckson Tada, St. Augustine and Brennan Manning, Thomas à Kempis and Dallas Willard—voices from yesterday and voices from today—join together to address a topic for a timeless and relevant devotional experience every day.

Two Trees Revealed Carolyn Cote 2009-08-20 Two Trees Revealed exposes in stunning clarity what drives us. Each and every day, we choose to do things based on which has the final say in our lives: life or death. Just as Adam and Eve had a choice between the Tree of Life and the tree of the knowledge of good and evil, so we too make that choice. Will we be a slave to our knowledge of good and evil or will we serve Christ? Two Trees Revealed takes each and every person who has chosen life through Christ on an enlightening journey back to their beginnings. Many started out well only to find themselves depressed, anxious and burned-out. Some who entered full-time ministry would leave if they could. Others find sin has power over them in ways they would have never imagined possible. In her heart-to-heart, contemplative style, Carolyn Ct takes her readers on an unlearning path through three gardens. Garden One reveals why our knowledge of good and evil leads to death. Garden Two takes us through the Bible in search of others who have relied on their knowledge of good and evil over Christ. Finally, Garden Three settles us at the feet of Christ, the Tree of Life, where we can truly find life. So Jesus said to them again, The thief comes only to steal and kill and destroy; I came that they may have life, and have it abundantly. John 10:10 NASB

Minor Histories Mike Kelley 2004-02-06 The second volume of writings by Los Angeles artist Mike Kelley, focusing on his own work. What John C. Welchman calls the "blazing network of focused conflations" from which Mike Kelley's styles are generated is on display in all its diversity in this second volume of the artist's writings. The first volume, *Foul Perfection*, contained thematic essays and writings about other artists; this collection concentrates on Kelley's own work, ranging from texts in "voices" that grew out of scripts for performance pieces to expository critical and autobiographical writings. *Minor Histories* organizes Kelley's writings into five sections. "Statements" consists of twenty pieces produced between 1984 and 2002 (most of which were written to accompany exhibitions), including "Ajax," which draws on Homer, Colgate- Palmolive, and Longinus to present its eponymous hero; "Some Aesthetic High Points," an exercise in autobiography that counters the standard artist bio included in catalogs and press releases; and a sequence of "creative writings" that use mass cultural tropes in concert with high art mannerisms—approximating in prose the visual styles that characterize Kelley's artwork. "Video Statements and Proposals" are introductions to videos made by Kelley and other artists, including Paul McCarthy and Bob Flanagan and Sheree Rose. "Image-Texts" offers writings that accompany or are part of artworks and installations. This section includes "A Stopgap Measure," Kelley's zestful millennial essay in social satire, and "Meet John Doe," a collage of appropriated texts. "Architecture" features an discussion of Kelley's Educational Complex (1995) and an interview in which he reflects on the role of architecture in his work. Finally, "Ufology" considers the aesthetics and sexuality of space as manifested by UFO sightings and abduction scenarios.

Standing on the Shoulders of Giants Steven Brooks 2008-12-28 Standing on the Shoulders of Giants is a book that opens up the vastly unexplored subject of mantles. Just as Elijah passed on his mantle (his anointing) to Elisha, we see clearly through the pages of this book just exactly how mantles are transferred, received, and imparted through the workings of the Holy Spirit. This fascinating topic is highlighted by biblical illustrations, modern day stories, and the author's own extraordinary personal testimony. This book is essential reading for those who desire to be positioned for the soon coming move of God that is destined to break upon the Church with an unprecedented deluge of God's glory, His cleansing fire, and an enormous harvest of souls that will be of epic proportions.

When Souls Had Wings Terryl Givens 2010 The notion that we spring into existence ex nihilo at birth strikes many people as counter-intuitive. By contrast, the idea that we have an eternal identity appeals to some deep intuition about the self. And indeed, belief in the soul's pre-mortal existence has a long history in Western thought. Terryl Givens offers the first systematic exploration of this fascinating if generally unfamiliar feature of Western cultural history.

Handbook of Fruits and Fruit Processing Y. H. Hui 2008-02-28 The processing of fruits continues to undergo rapid change. In the Handbook of Fruits and Fruit Processing, Dr. Y.H. Hui and his editorial team have assembled over forty respected academicians and industry professionals to create an indispensable resource on the scientific principles and technological methods for processing fruits of all types. The book describes the processing of fruits from four perspectives: a scientific basis, manufacturing and engineering principles, production techniques, and processing of individual fruits. A scientific knowledge of the horticulture, biology, chemistry, and nutrition of fruits forms the foundation. A presentation of technological and engineering principles involved in processing fruits is a prelude to their commercial production. As examples, the manufacture of several categories of fruit products is discussed. The final part of the book discusses individual fruits, covering their harvest to a finished product in a retail market. As a professional reference book replete with the latest research or as a practical textbook filled with example after example of commodity applications, the Handbook of Fruits and Fruit Processing is the current, comprehensive, yet compact resource ideal for the fruit industry.

From Puritanism to Postmodernism Richard Ruland 2016-04-14 Widely acknowledged as a contemporary classic that has introduced thousands of readers to American literature, *From Puritanism to Postmodernism: A History of American Literature* brilliantly charts the fascinating story of American literature from the Puritan legacy to the advent of postmodernism. From realism and romanticism to modernism and postmodernism it examines and reflects on the work of a rich panoply of writers, including Poe, Melville, Fitzgerald, Pound, Wallace

Stevens, Gwendolyn Brooks and Thomas Pynchon. Characterised throughout by a vibrant and engaging style it is a superb introduction to American literature, placing it thoughtfully in its rich social, ideological and historical context. A tour de force of both literary and historical writing, this Routledge Classics edition includes a new preface by co-author Richard Ruland, a new foreword by Linda Wagner-Martin and a fascinating interview with Richard Ruland, in which he reflects on the nature of American fiction and his collaboration with Malclolm Bradbury. It is published here for the first time.

Hard Times Studs Terkel 2012-10-09 First published in 1970, Studs Terkel's bestselling *Hard Times* has been called “a huge anthem in praise of the American spirit” (Saturday Review) and “an invaluable record” (The New York Times). With his trademark grace and compassion, Terkel evokes a mosaic of memories from those who were richest to those who were destitute: politicians, businessmen, artists and writers, racketeers, speakeasy operators, strikers, impoverished farmers, people who were just kids, and those who remember losing a fortune. Now, in a handsome new illustrated edition, a selection of Studs's unforgettable interviews are complemented by images from another rich documentary trove of the Depression experience: Farm Security Administration photographs from the Library of Congress. Interspersed throughout the text of *Hard Times*, these breathtaking photographs by Dorothea Lange, Walker Evans, Jack Delano, and others expand the human scope of the voices captured in the book, adding a new dimension to Terkel's incomparable volume. *Hard Times* is the perfect introduction to Terkel's work for new readers, as well as a beautiful new addition to any Terkel library.

The Late Age of Print Ted Striphas 2009-04-08 Ted Striphas argues that, although the production and propagation of books have undoubtedly entered a new phase, printed works are still very much a part of our everyday lives. With examples from trade journals, news media, films, advertisements, and a host of other commercial and scholarly materials, Striphas tells a story of modern publishing that proves, even in a rapidly digitizing world, books are anything but dead. From the rise of retail superstores to Oprah's phenomenal reach, Striphas tracks the methods through which the book industry has adapted (or has failed to adapt) to rapid changes in twentieth-century print culture. Barnes & Noble, Borders, and Amazon.com have established new routes of traffic in and around books, and pop sensations like Harry Potter and the Oprah Book Club have inspired the kind of brand loyalty that could only make advertisers swoon. At the same time, advances in digital technology have presented the book industry with extraordinary threats and unique opportunities. Striphas's provocative analysis offers a counternarrative to those who either triumphantly declare the end of printed books or deeply mourn their passing. With wit and brilliant insight, he isolates the invisible processes through which books have come to mediate our social interactions and influence our habits of consumption, integrating themselves into our routines and intellects like never before.

John Wright Follette's Golden Grain John Follette 2015-08-05 INCLUDES NEW FOLLETTE BIOGRAPHY. First published in 1985, *Golden Grain* is a compilation of Follette's eighty years of insights into what God is building into His church. Follette distinguished himself from the average Pentecostal of the 20th Century by calling out those who sought the manifestations of the Holy Spirit for their own purposes. Though he was at times labelled as anti-Pentecostal, he was undeterred in his exhortations against only the inauthentic, flesh-driven expressions that others embraced. As relevant as ever, Follette blazes that narrow trail through his legacy of written and recorded messages.
