## **Little Woman in Blue** Jeannine Atkins

2015-09-15 May Alcott spends her days sewing blue shirts for Union soldiers, but she dreams of painting a masterpiece—which many say is impossible for a woman—and of finding love, too. When she reads her sister's wildly popular novel, *Little Women*, she is stung by Louisa's portrayal of her as "Amy," the youngest of four sisters who trades her desire to succeed as an artist for the joys of hearth and home.

Determined to prove her talent, May makes plans to move far from Massachusetts and make a life for herself with room for both watercolors and a wedding dress. Can she succeed? And if she does, what price will she have to pay? Based on May Alcott's letters and diaries, as well as memoirs written by her neighbors, *Little Woman in Blue* puts May at the center of the story she might have told about sisterhood and rivalry in an extraordinary family.

## **Mary Cassatt** Nancy Mowll Mathews 2018

During her lifetime, Mary Cassatt (1844-1926) achieved great fame in both France and America. But while she is still highly regarded in the United States, she is now somewhat overlooked in France, where she lived and worked for more than sixty years and where she became the only American artists to exhibit with the Impressionists in Paris. The exhibition 'Mary Cassatt: An American Impressionist in Paris', held in the Musée Jacquemart-André, is the first retrospective dedicated to the painter in France since her death. The exhibition will bring together around fifty major works on loan from museums and institutions ... Oils, pastels, and prints retrace Cassatt's entire career, explore the modernity of her approach, and show how she became one of the leading figures of the avant-garde movement of her day. This catalogue, which complements the exhibition, presents the various facets of an artist who had a complex career: a classically trained painter who became an Impressionist, the brilliant creator of the 'Modern Madonna', and a tireless experimenter, Cassatt was also an ardent supporter of women's suffrage. This catalogue

aims to restore Cassatt to her rightful place in the history of modern art.

*Women Painters of the World* Walter Shaw Sparrow 1905

*Imaging Desire* Mary Kelly 1998 In the 1970s, Kelly's transgressive projects helped to instigate conceptual art's second phase; her daring critiques of the female body as a fetishized, allegorized, commodified site were debated long after they were first seen in galleries and discussed in catalogues, and long before the debut of the "bad girls" in the 1990s. In fact, the debates currently surrounding Kelly's work are a necessary and defining element of theoretical discourse about art today.

**Hemingway's Girl** Erika Robuck 2012-09-04 From the bestselling author of *The House of Hawthorne* comes a historical fiction novel that gives life to the women behind novelist Ernest Hemingway in a "robust, tender story of love, grief, and survival on Key West in the 1930s."\* In Depression-era Key West, Mariella Bennet, the daughter of an American fisherman and a Cuban woman, knows hunger. Her struggle to support her family following her father's death leads her to a bar and bordello, where she bets on a risky boxing match...and attracts the interest of two men: world-famous writer, Ernest Hemingway, and Gavin Murray, one of the WWI veterans who are laboring to build the Overseas Highway. When Mariella is hired as a maid by Hemingway's second wife, Pauline, she enters a rarified world of lavish, celebrity-filled dinner parties and elaborate off-island excursions. As she becomes caught up in the tensions and excesses of the Hemingway household, the attentions of the larger-than-life writer become a dangerous temptation...even as straightforward Gavin Murray draws her back to what matters most. Will she cross an invisible line with the volatile Hemingway, or find a way to claim her own dreams? As a massive hurricane bears down on Key West, Mariella faces some harsh truths...and the possibility of losing everything she loves.

**Lydia Cassat Reading the Morning Paper** Harriet Scott Chessman 2011-01-04 Harriet Scott Chessman takes us into the world of Mary Cassatt's early Impressionist paintings through Mary's sister Lydia, whom the author sees as Cassatt's most inspiring muse. Chessman hauntingly brings to life Paris in 1880, with its thriving art world. The novel's subtle power rises out of a sustained inquiry into art's relation to the ragged world of desire and mortality. Ill with Bright's disease and conscious of her approaching death, Lydia contemplates her world narrowing. With the rising emotional tension between the loving sisters, between one who sees and one who is seen, Lydia asks moving questions about love and art's capacity to remember. Chessman illuminates Cassatt's brilliant paintings and creates a compelling portrait of the brave and memorable model who inhabits them with such grace. *Lydia Cassatt Reading the Morning Paper* includes five full-

color plates, the entire group of paintings Mary Cassatt made of her sister.

**Claude & Camille** Stephanie Cowell 2010 A vividly rendered portrait of both the rise of Impressionism and of Monet, the artist at the center of the movement. It is, above all, a love story of the highest romantic order.

**Ohio Angels** Harriet Scott Chessman 2002-10-01 Harriet Scott Chessman's *Ohio Angels* is an intimate and a lyrical story about friendship and family struggles. Hallie, a painter who now lives in Brooklyn, returns to her family home in Ohio, where she unearths a secret about her parents. Her discovery sheds light on her mother's depression, which shadowed her own childhood, and helps her understand her own inability to have children. In her hometown, Hallie reconnects with a beloved childhood friend, Rose, who is now a writer and pregnant with her third child. Chessman beautifully evokes the childhood memories of the two friends, illuminating their very different lives. As in *Lydia Cassatt Reading the Morning Paper*, Chessman's compassionate and perceptive gaze reveals an entire new world for us—one that is subtle, alive, and deeply honest.

**The Ethics of Mourning** R. Clifton Spargo 2004-11-18 Publisher Description

**Post-partum Document** Mary Kelly 1985 This book documents an evolving work of conceptual art about the mother-child relationship begun by Mary Kelly during the 70s and exhibited in the 70s & 80s as an installation, with photographs and analyses of the material evidence of her baby's transition from infancy to the beginnings of independence. It introduced an interrogation of subjectivity by using psychoanalytic theory and focusing on the construction of material femininity.

**Degas, Cassatt** Kimberly A. Jones 2014 Edgar Degas's influence upon Mary Cassatt has long been acknowledged, but her role in shaping his artistic production and in preparing the way for his warm reception in America is fully examined for the first time. These two major figures of the impressionist movement shared a keen observer's eye, as well as an openness to

experimentation.

**Renoir's Dancer** Catherine Hewitt 2018-02-27

Catherine Hewitt's richly told biography of Suzanne Valadon, the illegitimate daughter of a provincial linen maid who became famous as a model for the Impressionists and later as a painter in her own right. In the 1880s, Suzanne Valadon was considered the Impressionists' most beautiful model. But behind her captivating façade lay a closely-guarded secret. Suzanne was born into poverty in rural France, before her mother fled the provinces, taking her to Montmartre. There, as a teenager Suzanne began posing for—and having affairs with—some of the age's most renowned painters. Then Renoir caught her indulging in a passion she had been trying to conceal: the model was herself a talented artist. Some found her vibrant still lifes and frank portraits as shocking as her bohemian lifestyle. At eighteen, she gave birth to an

illegitimate child, future painter Maurice Utrillo. But her friends Toulouse-Lautrec and Degas could see her skill. Rebellious and opinionated, she refused to be confined by tradition or gender, and in 1894, her work was accepted to the Salon de la Société Nationale des Beaux-Arts, an extraordinary achievement for a working-class woman with no formal art training. Renoir's Dancer tells the remarkable tale of an ambitious, headstrong woman fighting to find a professional voice in a male-dominated world.

**The Lost Sketchbook of Edgar Degas** Harriet Scott Chessman 2017-03 A lyrical novel about what art can reveal, and a nuanced imagining of the people who influenced Edgar Degas and his work. With key roles for beloved Degas paintings.

**Designed for Pleasure** John T. Carpenter 2008 Designed for Pleasure is a dazzling probe of Japan's famous "floating world" of spectacle and entertainment. From luxury paintings of the pleasure quarters to Hokusai's iconic "Red Fugi," Designed for Pleasure presents a focused examination of the period's fascinating networks of art, literature, and fashion, proving that the artists and the publishers and patrons who engaged them not only mirrored the tastes of their energetic times, they created a unifying cultural legacy. Contributors include John T. Carpenter, Timothy Clark, Julie Nelson Davis, Allen Hockley, Donald Jenkins, David Pollack, Sarah E. Thompson, and David Boyer Waterhouse.

**Dancing for Degas** Kathryn Wagner 2010-03-16 In the City of Lights, at the dawn of a new age, begins an unforgettable story of great love, great art—and the most painful choices of the heart. With this fresh and vibrantly imagined portrait of the Impressionist artist Edgar Degas, readers are transported through the eyes of a young Parisian ballerina to an era of light and movement. An ambitious and enterprising farm girl, Alexandrie joins the prestigious Paris Opera ballet with hopes of securing not only her place in society but her family's financial future. Her plan is soon derailed, however, when she falls in love with the enigmatic artist whose paintings of the offstage lives of the ballerinas scandalized society and revolutionized the art world. As

Alexandrie is drawn deeper into Degas's art and Paris's secrets, will she risk everything for her dreams of love and of becoming the ballet's star dancer?

Stone Mirrors Jeannine Atkins 2017-01-10 "A biographical novel in verse of a half Native American, half African American female sculptor, Edmonia Lewis, working in the years right after the Civil War"--

A Mad, Wicked Folly Sharon Biggs Waller 2015-06-02 In 1909 London, as the world of debutante balls and high society obligations closes in around her, seventeen-year-old Victoria must figure out just how much is she willing to sacrifice to pursue her dream of becoming an artist.

**A Book of Fields** Stephen Billias 2019-09-19 A Book of Fields is a collection of stories about the men and women of the Pioneer Valley in western Massachusetts. Each story takes its name from a town that ends in "field"-Ashfield, Deerfield, Greenfield and so forth. Each story has character types and locales from the towns that will be recognizable to anyone who has spent any time in the area. A few of the stories share characters. Almost every story deals with a crime, or something like a crime, but this is not a crime novel. It's a book about the good people of the Pioneer Valley; the crimes are merely an entry point into their lives. Taken together, the stories in A Book of Fields are a portrait of a world that is rapidly disappearing-the lush farms

and fields of the Connecticut River basin shrinking every year, and the agricultural way of life giving way to suburbia. The people change as the land use changes. This book is about this time, right now, this place, and the hardy, independent, passionate, hardheaded, sometimes a little bit crazy people who live there.

*Naked* Jennifer L. Gauthier 2021-11-12 Honoring real and fictional women, this collection of poems elevates the voices of resilient rebels throughout history. Poems to inspire and inform the activist in all of us.

Lydia Cassatt Harriet Scott Chessman 2003 The year is 1878. Paris is the centre of the art world, and in the heart of its thriving, vibrant community live two sisters, Mary and Lydia Cassatt. One is at the peak of her career, as the other reaches her moment of greatest frailty... Lydia Cassatt is dying of Bright's disease. Conscious of her approaching death, she contemplates the narrowing of her world with courage, openness and dignity. But for Mary, an independent, ambitious painter, life is unimaginable without her beloved sister. Torn apart by the idea of losing Lydia, Mary embarks on a series of five paintings. And as the emotional tension between the sisters rises, they become unable to avoid inevitable questions about love and passion, about life and death... Lyrical and tender, Lydia Cassatt Reading the Morning Paper is a profoundly moving, unsentimental and hugely life-affirming story of the immortality which both love and art can bestow.

*The Girls of Atomic City* Denise Kiernan 2014-03-11 This is the story of the young women of Oak Ridge, Tennessee, who unwittingly played a crucial role in one of the most significant moments in U.S. history. The Tennessee town of Oak Ridge was created from scratch in 1942. One of the Manhattan Project's secret cities. All knew something big was happening at Oak Ridge, but few could piece together the true nature of their work until the bomb "Little Boy" was dropped over Hiroshima, Japan, and the secret was out. The reverberations from their work there, work they did not fully understand at the time, are still being felt today.

Women Artists of Russia's New Age, 1900-1935 Miłuda Iłłabłonskai 1990

**Women Artists in Paris, 1850-1900** Laurence Madeline 2017 In the second half of the 19th century, Paris attracted an international gathering of women artists, drawn to the French capital by its academies and museums, studios and salons. Featuring thirty-six artists from eleven different countries, this beautifully illustrated book explores the strength of these women's creative achievements, through paintings by acclaimed Impressionists such as Mary Cassatt and Berthe Morisot, and extraordinary lesser-known artists such as Marie Bashkirtseff, Anna Bilińska-Bohdanowicz, Paula Modersohn-Becker, and Hanna Pauli. It examines their work against the sociopolitical background of the period, when women were mostly barred from formal artistic education but cleverly navigated the city's network of ateliers, salons, and galleries. Essays consider the powerfully influential work of women Impressionists, representations of the female artist in portraiture, the unique experiences of Nordic women artists, and the significant presence of women artists throughout the history of the Paris Salon. By addressing the long-undervalued contributions of women to the art of the later 19th century, *Women Artists in Paris* pays tribute to pioneers who not only created remarkable paintings but also generated momentum toward a more egalitarian art world.

*The Greater Journey* David McCullough 2011-05-24 The #1 bestseller that tells the remarkable story of the generations of American artists, writers, and doctors who traveled to Paris, fell in love with the city and its people, and changed America through what they learned, told by America's master historian, David McCullough. Not all pioneers went west. In *The Greater Journey*, David McCullough tells the enthralling, inspiring—and until now, untold—story of the adventurous American artists, writers, doctors, politicians, and others who set off for Paris in the years between 1830 and 1900, hungry to learn and to excel in their work. What they achieved would profoundly alter American history. Elizabeth Blackwell, the first female doctor in America, was one of this intrepid band. Another was Charles Sumner, whose encounters with black students at the Sorbonne inspired him to become the most powerful voice for abolition in the US Senate.

Friends James Fenimore Cooper and Samuel F. B. Morse worked unrelentingly every day in Paris, Morse not only painting what would be his masterpiece, but also bringing home his momentous idea for the telegraph. Harriet Beecher Stowe traveled to Paris to escape the controversy generated by her book, *Uncle Tom's Cabin*. Three of the greatest American artists ever—sculptor Augustus Saint-Gaudens, painters Mary Cassatt and John Singer Sargent—flourished in Paris, inspired by French masters. Almost forgotten today, the heroic American ambassador Elihu Washburne bravely remained at his post through the Franco-Prussian War, the long Siege of Paris, and the nightmare of the Commune. His vivid diary account of the starvation and suffering endured by the people of Paris is published here for the first time. Telling their stories with power and intimacy, McCullough brings us into the lives of remarkable men and women who, in Saint-Gaudens' phrase, longed "to soar into the blue."

**Lifting Belly** Gertrude Stein 2020-05-26 Fragmentary, unabashed, erotic—"Lifting Belly" is a singular lesbian love poem from modernist Gertrude Stein (1874-1946) which lays bare desire and easy intimacy—now in a beautifully packaged edition. What is it when it's upset. It isn't in the room. Moonlight and darkness. Sleep and not sleep. We sleep every night. What was it. I said lifting belly. You didn't say it. I said I mean lifting belly. Don't misunderstand me. Do you. Do you lift everybody in that way. No. You are to say No. Lifting belly. How are you. Lifting belly how are you lifting belly. We like a fire and we don't mind if it smokes. Do you. —From "Lifting Belly" Each palm-size book in the Counterpoints series is meant to stay with you, whether safely in your pocket or long after you turn the last page. From short stories to essays to poems, these little books celebrate our most-beloved writers, whose work encapsulates the spirit of Counterpoint Press: cutting-edge, wide-ranging, and independent.

*The Green Age of Asher Witherow* M Allen Cunningham 2005-10-01 Supplying a quarter of San Francisco's coal, Nortonville of the 1860s-70s is a flourishing empire in small, seeming to promise unending prosperity and a better future. But beneath the vibrant work ethic of its Welch citizens lies an insidious network of

superstitions. A missing boy first brings these dark undercurrents to light. Then young Asher Witherow falls under the spell of an unorthodox apprentice minister, stirring a whirlpool of suspicion and outrage. Soon Asher finds himself trapped in a nightmarish crucible, all the more excruciating because he himself could end it if he could only find the strength of will. This is a lesson the missing boy has taught him, and what he understands instinctively from the alluring Anna Flood, new to Nortonville, who with her raw sensuality and independence seems to offer some hope of redemption or even escape. In this powerful debut from a young writer of stunning talent, M. Allen Cunningham takes us into a time and place at once gritty and magical, when the future seems filled with promise but where the day's labor is bone breaking, numbing and always dangerous. Gorgeously written, historically authentic, *The Green Age of Asher Witherow* is a novel of tested loyalties, of condemnation and redemption. The characters' deep emotional lives are complex and vivid, fluctuating from the doomed to the transcendent. As he unpacks his heart, Asher comes to realize that all his early traumas have somehow bonded him to the land surrounding Mount Diablo and infused his life with an inward wealth—a treasure at which we can only wonder. Report of the Librarian of Congress Library of Congress 1900

Metropolitan Stories Christine Coulson 2019-10-08 "Only someone who deeply loves and understands the Metropolitan Museum could deliver such madcap, funny, magical, tender, intimate fables and stories." —Maira Kalman, artist and bestselling author of *The Principles of Uncertainty* From a writer who worked at the Metropolitan Museum for more than twenty-five years, an enchanting novel that shows us the Met that the public doesn't see. Hidden behind the Picassos and Vermeers, the Temple of Dendur and the American Wing, exists another world: the hallways and offices, conservation studios, storerooms, and cafeteria that are home to the museum's devoted and peculiar staff of 2,200 people—along with a few ghosts. A surreal love letter to this private side of the Met, *Metropolitan Stories* unfolds in a series of amusing and poignant vignettes in which we discover larger-than-life characters, the

downside of survival, and the powerful voices of the art itself. The result is a novel bursting with magic, humor, and energetic detail, but also a beautiful book about introspection, an ode to lives lived for art, ultimately building a powerful collage of human experience and the world of the imagination.

**Relational Designs in Literature and the Arts** 2012-01-01 This collection focuses on texts that address the other arts – from painting to photography, from the stage to the screen, and from avant-garde experiments to mass culture. Despite their diversity of object and approach, the essays in *Relational Designs* coalesce around the argument that representations are defined by relations and dynamics, rather than intrinsic features. This rationale is supported by the discourses and methodologies favoured by the book's contributors: their approaches offer a cross section of the intellectual and critical environment of our time. The book illustrates the critical possibilities that derive from the broad range of modes of inquiry - poststructuralist criticism, gender studies, postcolonial studies, new historicism – that the book's four sections bring to bear on a wealth of intermedial practices. But *Relational Designs* compounds such critical emphases with the voice of the practitioner: the book is rounded off by an interview in which a contemporary novelist discusses her attraction to the other arts in terms that extend the book's insights and bridge the gap between academic discourse and artistic practice.

**Study Abroad: Traditions and New Directions** Miriam Fuchs 2019-03-01 Thanks to an increasingly interconnected global economy, the role of study abroad in twenty-first-century education has expanded. Student participation continues to grow as disciplinary offerings broaden; meanwhile, programs face persistent challenges to maximize access, strengthen language learning and multicultural awareness, reduce research bias, ensure funding, and maintain safety and security. Designed as a resource for use in creating and conducting courses and programs overseas, *Study Abroad: Traditions and New Directions* presents a diverse picture of options for study abroad. Contributors' experiences teaching in Asia, Africa, Europe, the Caribbean, and Central

America inform analyses of global trends, recommendations for enhanced learning, and course models that can be adapted for a variety of programs and locations. Essays discuss current policies, procedures, and formats including language immersion, interdisciplinary studies, mentored research, professional training abroad, service learning, and institutional partnerships.
