**Quintus Curtius: Books I-V**

Quintus Curtius Rufus 1946 Quintus Curtius was apparently a rhetorician who lived in the first century of the Roman empire and, early in the reign of Claudius (41-54 CE), wrote a history of Alexander the Great in 10 books in clear and picturesque style for Latin readers. The first two books have not survived--the narrative begins with events in 333 BCE--and there is material missing from books V, VI, and X. One of his main sources is Cleitarchus who, about 300 BCE, had made Alexander's

career a matter of marvellous adventure. Curtius is not a critical historian; and in his desire to entertain and to stress the personality of Alexander, he elaborates effective scenes, omits much that is important for history, and does not worry about chronology. But he does not invent things, except speeches and letters inserted into the narrative by traditional habit. 'I copy more than I believe', he says. Three features of his story are narrative of exciting experiences, development of a hero's character, and a disposition to moralise. His history is one of the five extant works on which historians rely for the career of Alexander the Great.

**Movies of the 50s** Jürgen Müller 2005 At a time when people were terrified of UFOs and Communism, the movie industry was busy producing movies that ranged from film noir to suspense to grandiose musicals; apparently the paranoid public in the 1950s wanted family entertainment and dark, brooding pictures in

equal doses. The result is a decade's worth of truly monumental cinema, from Hitchcock masterpieces (Vertigo, Psycho, Rear Window) to comedy classics (Tati's Mr. Hulot's Holiday, Billy Wilder's Some Like it Hot) to groundbreaking nouvelle vague films (Godard's Breathless, Truffaut's The Four Hundred Blows) and profound, innovative dramas such as Antonioni's L'Avventura, Fellini's La Strada, John Huston's Misfits, and Kubrick's Paths of Glory. Though censorship kept sex safely off-screen, sexy stars such as James Dean, Marlon Brando, and Marilyn Monroe provided plenty of heat in Rebel Without a Cause, A Streetcar Named Desire, and Gentlemen Prefer Blondes respectively. **Miquel Barceló** Acquavella Galleries 2022-04-05 This exhibition catalog presents the recent atmospheric paintings of one of the most important representatives of contemporary Spanish art, inspired by the seascapes of his native Majorca. Miquel Barceló

(1957-) is a contemporary Spanish artist known for his experimental approach to painting and sculpture. Whether utilizing bleach, organic matter, or even live insects, Barceló's neo-Expressionist oeuvre explores decomposition, light, and the natural landscape. Born in 1957 in Majorca, Spain, he credits the influence of Lucio Fontana. His work is both abstract and cerebral, as evidenced by his broad range of paintings, ceramics, and installations. In 2011, Barceló exhibited his sculpture in New York's Union Square. Currently living and working in Paris and Majorca, the artist has works in the collections of the Guggenheim Museum Bilbao, the Museum of Modern Art in New York, and the Reina Sofía National Museum in Madrid, among others.

History of Greek Culture Jacob Burckhardt 1963-01-01 This monumental work by a distinguished European scholar

presents a scrupulously realistic approach to ancient Greek civilization. Professor Burckhardt dispenses with superficial and sentimental views of ancient Greece to embrace a more sophisticated and accurate vision of a complex culture that practiced both the best and worst elements of the social contract. A penetrating thinker with a genius for concrete illustration, Burckhardt begins with a thorough account of the development of the polis, or city-state, exploring its regional variations and offering a balanced appraisal of its virtues and faults. In the second part, he discusses fine arts and their expression, with particular focus on sculpture, painting, and architecture. Part Three examines poesy and music, with an in-depth account of Homeric traditions and their role in maintaining the form and order of Greek beliefs and myths, as well as a consideration of other poetic forms, including the classical theater. The final part comprises perceptive accounts

of numerous and enduring Greek achievements in philosophy, science, and oratory. In addition to an excellent glossary, the work is profusely illustrated with 80 photographs and many fine drawings.

The Scalpel, the Sword Ted Allan 2009-05-11 Originally published in the early 1950s, *The Scalpel, the Sword* celebrates the turbulent career of Dr. Norman Bethune (1890-1939), a brilliant surgeon, campaigner against private medicine, communist, and graphic artist. Bethune belonged to that international contingent of individuals who recognized the threat of fascism in the world and went out courageously to try to defeat it. Born in Gravenhurst, Ontario, Bethune introduced innovative techniques in treating battlefield injuries and pioneered the use of blood transfusions to save lives, which made him a legend first in Spain during the civil war and later in China when he served with the armies of Mao Zedong in their fight against

the invading Japanese. He is today remembered amongst the pantheon of Chinese revolutionary heroes. In Canada Bethune's strong left-wing views made him persona non grata, but this highly readable and engaging account has helped to sustain the memory of a great man.

The Ship Hans Henny Jahnn  
1970 Clelia, a successful couturier, arrives in Turin after the end of the Second World War to supervise the opening of a salon in the city where she spent her youth in poverty. Drawn into a circle of young people who try to escape the futility and boredom of their lives in a mindless search for pleasure, she encounters Rosetta, whose suicide tragically foreshadows that of the author just a few months after completing this highly acclaimed contemporary classic.

English Hours Henry James  
2021-03-25 There is a certain evening that I count as virtually a first impression, -the

end of a wet, black Sunday, twenty years ago, about the first of March. There had been an earlier vision, but it had turned to grey, like faded ink, and the occasion I speak of was a fresh beginning. No doubt I had mystic prescience of how fond of the murky modern Babylon I was one day to become; certain it is that as I look back I find every small circumstance of those hours of approach and arrival still as vivid as if the solemnity of an opening era had breathed upon it. The sense of approach was already almost intolerably strong at Liverpool, where, as I remember, the perception of the English character of everything was as acute as a surprise, though it could only be a surprise without a shock. It was expectation exquisitely gratified, superabundantly confirmed. There was a kind of wonder indeed that England should be as English as, for my entertainment, she took the trouble to be; but the wonder would have been greater, and all the pleasure absent, if the sensation had not been violent
