Godley TERRY KINLOCH 2018-11-01 A

comprehensive biography of General Sir Alexander Godley, presenting for the first time a fair and balanced look at his time as commander of the New Zealand Expeditionary Force (NZEF) and II ANZAC Corps during World War I. While Godley is generally remembered as being a poor field commander, Terry Kinloch argues that he was in fact a capable one who had little or no ability to influence the failed battles at Gallipoli

and Passchendaele that he is often seen as responsible for. Kinloch also presents, for the first time, a detailed account of Godley's long pre- and post-World War I career in the British Army. After the war Godley returned to the British Army, eventually reaching the rank of general before retiring in 1933. During his 48-year military career, he also served on operations in Rhodesia and South Africa, as a mounted infantry instructor, in the post-war British occupation force in Germany, and as the Governor of Gibraltar.

Odyssey of the Unknown Anzac David Murray Hastings 2018-04-12 Ten years after the end of World War I, the Sydney Sun reported that an unknown Anzac still lay in a Sydney psychiatric hospital. &'This man . . . was found wandering in a London street during the war,' reported the paper. &'He said he was an Australian soldier. Beyond his first statement that he was a Digger, he has not given any information about himself.' Thousands of people in Australia and

New Zealand responded to this story and an international campaign to find the man's family followed. The story tapped into deep wells of sorrow and uncertainty which had been covered over by commemorations of Anzac heroism and honourable national sacrifice. More than a quarter of the Anzac dead had no known resting place. Might this be someone's missing son? David Hastings follows this one unknown Anzac, George McQuay, from rural New Zealand through Gallipoli and the Western Front, through desertions and hospitals, and finally home to New Zealand. By doing so, he takes us deep inside the Great War and the human mind. *Mechanics magazine* 1870

By the middle of the nineteenth century, the very existence of European colonial settlement in New Zealand was under threat. With Queen Victoria's British forces stretched thinly across the globe, the New Zealand colony had to look to its sister colonial states in Australia for support. This ground-breaking work shows, for the first time in detail, how the military, social and economic brotherhood later embodied in the notion of the Anzac spirit began not on the sandy beaches of Gallipoli but 50 years earlier in the damp forests and fields of the North Island of New Zealand

The Dictionary of National Biography 1961
Man of Iron Jock Vennell 2015-09-01 Lieutenant-Colonel William Malone is one of New Zealand's

best-known First World War soldiers, having held off fierce Turkish counter-attacks for nearly two days before being killed by a shell from a British warship. The defence of Chunuk Bair has been described as one of New Zealand's finest hours. Malone and his men captured and held the heights of Chunuk Bair on the Gallipoli Peninsula in August 1915. William Malone was not only an outstanding military leader, as commander of the Wellington Infantry Battalion, but also a successful farmer, lawyer and family man. His letters reveal a man unfulfilled by peacetime pursuits, and war offered him a liberation of spirit and a new sense of purpose. Leaving for the front, he wrote, 'I leave a lucrative practice, a happy home, a brave wife and children without any hesitation. I feel I am just beginning to live.' This is the first biography of William Malone.

Death on Bloody Ridge David W. Cameron 2024-04-03 The August Offensive or 'Anzac Breakout' at Gallipoli was an attempt to break the stalemate of the campaign. It saw some of the bloodiest fighting since the landing as Commonwealth and Turkish troops fought desperate battles at Lone Pine, German Officers' Trench, Turkish Quinn's, The Chessboard, The Nek, The Farm, Hill Q, Chunuk Bair, and Hill

971. The offensive was designed to allow the allied forces to 'break out' of the Anzac beachhead below the Sari Bair Range. The capture of Chunuk Bair by the New Zealanders resulted in some of the bloodiest fighting at Gallipoli and was key to the entire August offensive. While it was taken and held for a few days - it's recapture by the Turks on 10 August 1915 decided the fate of the Gallipoli Campaign. Within four months the Allies were forced to evacuate the peninsula, leaving it to the Turks - a decisive victory for the Ottoman Empire Death on Bloody Ridge: Chunuk Bair - the battle that decided the fate of the Gallipoli Campaign, focuses solely on this one decisive battle.
