Novel Superconductivity Stuart A. Wolf 2012-12-06 The Novel Mechanisms of Superconductivity Conference was initially conceived in the early part of 1986 as a small, 2-1/2 day workshop of 40-70 scientists, both theorists and experimentalists interested in exploring the possible evidence for exotic, non phononic superconductivity. Of course, the historic discoveries of high temperature oxide superconductors by Bednorz and Mütler and the subsequent enhancements by the Houston/Alabama groups made such a small conference impractical. The conference necessarily had to expand, 2-1/2 days became 4-1/2 days and superconductivity in the high T_c oxides became the largest single topic in the workshop. In fact, this conference became the first major conference on this topic and thus, these proceedings are also the first major publication. However, heavy fermion, organic and low carrier concentration superconductors remained a very important part of this workshop and articles by the leaders in these fields are included in these proceedings. Ultimately the workshop hosted nearly 400 scientists, students and media including representatives from the major research groups in the U.S., Europe, Japan and the Soviet Union.

On Sunset Boulevard Ed Sikov 2017-06-14 On Sunset Boulevard, originally published in 1998, describes the life of acclaimed filmmaker Billy Wilder (1906-2002), director of such classics as Sunset Boulevard, The Lost Weekend, The Seven Year Itch, and Sabrina. This definitive

biography takes the reader on a fast-paced journey from Billy Wilder's birth outside of Krakow in 1906 to Vienna, where he grew up, to Berlin, where he moved as a young man while establishing himself as a journalist and screenwriter, and triumphantly to Hollywood, where he became as successful a director as there ever was. Double Indemnity, Sunset Boulevard, Some Like It Hot, and The Apartment"Wilder's cinematic legacy is unparalleled. Not only did he direct these classics and twenty-one other films, he co-wrote all of his own screenplays. Volatile, cynical, hilarious, and driven, Wilder arrived in Hollywood an all-but-penniless refugee who spoke no English. Ten years later he was calling his own shots, and he stayed on top of the game for the next three decades. Wilder battled with Humphrey Bogart, Marilyn Monroe, Bing Crosby, and Peter Sellers; kept close friendships with William Holden, Audrey Hepburn, Jack Lemmon, and Walter Matthau; amassed a personal fortune by way of blockbuster films and shrewd investments in art (including Picassos, Klees, and Mir's); and won Oscars--yet Wilder, ever conscious of his thick accent, always felt the sting of being an outsider. On Sunset Boulevard traces the course of a turbulent but fabulous life, both behind the scenes and on the scene, from Viennese cafes and Berlin dance halls in the twenties to the Hollywood soundstages of the forties and the on-location shoots of the fifties and sixties. Crammed with Wilder's own caustic wit, On Sunset Boulevard reels out the story of one of cinema's most brilliant and prolific talents. **Brownshirt Princess** Lionel Gossman 2009 "Princess Marie Adelheid of Lippe-Biesterfeld was a rebellious young writer who became a fervent Nazi. Heinrich Vogeler was a well-regarded artist who was to join the German Communist Party. Ludwig Roselius was a successful businessman who had made a fortune from his invention of decaffeinated coffee. What was it about the revolutionary climate following World War I that induced three such different personalities to collaborate in the

production of a slim volume of poetry -- entitled *Gott in mir* -- about the indwelling of the divine within the human? Lionel Gossman's study situates this poem in the ideological context that made the collaboration possible. The study also outlines the subsequent life of the Princess who, until her death in 1993, continued to support and celebrate the ideals and heroes of National Socialism"--Publisher's description.

Veit Harlan Frank Noack 2016-04-08 Veit Harlan (1899-1964) was one of Germany's most controversial and loathed directors. The first English-language biography of the notorious director, Veit Harlan presents an in-depth portrait of the man who is arguably the only Nazi filmmaker with a distinct authorial style and body of work.

Austrian Lives Günter Bischof 2012 We also suggest that the intellectual biographies of thinkers and professionals are fertile soil for biographical study. Moreover, the prosopographical study of common folks in the Austrian population lifts these lives from the dark matter of anonymous masses and gives rich insight into the lives that ordinary Austrians have been leading. We present an array of political lives, including that of Ignaz Seipel and Therese Schlesinger-Eckstein, as well as "Lives of the Mind" which capture the lives of fascinating intellectual figures in pre- and post-World War II Vienna such as Viktor Frankl and Eugenie Schwarzwald. The approaches to writing biography taken in this volume also suggest that much work needs to be done to shed light on the lives of ordinary Austrians. In this volume we have biographical accounts detailing the lives of soldiers, prisoners of war, and farming families.

The Sociology of Space Martina Löw 2016-09-09 In this book, the author develops a relational concept of space that encompasses social structure, the material world of objects and bodies, and the symbolic dimension of the social world. Löw's guiding principle is the assumption that space emerges in the interplay between objects, structures and actions. Based on a critical discussion of classic theories of space, Löw

develops a new dynamic theory of space that accounts for the relational context in which space is constituted. This innovative view on the interdependency of material, social, and symbolic dimensions of space also permits a new perspective on architecture and urban development.

The Red Countess Hermynia Zur Mühlen 2018-08-20 Praise for the first edition of this book: This translation is something of an event. For the first time, it makes Zur Mühlen's text available to English-speaking readers in a reliable version. —David Midgley, University of Cambridge [This book] represents exceptional value, both as an enjoyable read and as an introduction to an attractive author who amply deserves rediscovery. —Ritchie Robertson, *Journal of European Studies*, 42(1): 106-07. Born into a distinguished aristocratic family of the old Habsburg Empire, Hermynia Zur Mühlen spent much of her childhood and early youth travelling in Europe and North Africa with her diplomat father. Never comfortable with the traditional roles women were expected to play, she broke as a young adult both with her family and, after five years on his estate in the old Czarist Russia, with her German Junker husband, and set out as an independent, free-thinking individual, earning a precarious living as a writer. Zur Mühlen translated over 70 books from English, French and Russian into German, notably the novels of Upton Sinclair, which she turned into best-sellers in Germany; produced a series of detective novels under a pseudonym; wrote seven engaging and thought-provoking novels of her own, six of which were translated into English; contributed countless insightful short stories and articles to newspapers and magazines; and, having become a committed socialist, achieved international renown in the 1920s with her *Fairy Tales for Workers' Children*, which were widely translated including into Chinese and Japanese. Because of her fervent and outspoken opposition to National Socialism, she and her life-long Jewish partner, Stefan Klein, had to flee first Germany, where they had settled, and then, in 1938, her

native Austria. They found refuge in England, where Zur Mühlen died, forgotten and virtually penniless, in 1951.

Arrival Cities Burcu Dogramaci 2020-09-01 Exile and migration played a critical role in the diffusion and development of modernism around the globe, yet have long remained largely understudied phenomena within art historiography. Focusing on the intersections of exile, artistic practice and urban space, this volume brings together contributions by international researchers committed to revising the historiography of modern art. It pays particular attention to metropolitan areas that were settled by migrant artists in the first half of the 20th century. These arrival cities developed into hubs of artistic activities and transcultural contact zones where ideas circulated, collaborations emerged, and concepts developed. Taking six major cities as a starting point – Bombay (now Mumbai), Buenos Aires, Istanbul, London, New York, and Shanghai –the authors explore how urban topographies and landscapes were modified by exiled artists re-establishing their practices in metropolises across the world. Questioning the established canon of Western modernism, *Arrival Cities* investigates how the migration of artists to different urban spaces impacted their work and the historiography of art. In doing so, it aims to encourage the discussion between international scholars from different research fields, such as exile studies, art history, social history, architectural history, architecture, and urban studies.

Hazelnut Days Emmanuel Bourdier 2018-05-01 It's visiting day, and Dad smells like peppermint—yuck! If only he would wear that nice, breezy cologne that smells like hazelnut... So begins one boy's brief weekly visit with his father in prison. Here's a man who gets angry, but beneath that peppermint surface is much to admire, if only you take the time to look. This richly imagined picture book explores the inner life of a boy who struggles to love a father who can be difficult to love at times. Though they may only have brief visits together, it's clear they love each other. This story bravely explores the all-too-hidden world of incarcerated parents. It's also a beautiful testament to the power of love to bridge the walls that divide us.

The End and the Beginning Hermynia Zur Mühlen 2010 First published in Germany in 1929, *The End and the Beginning* is a lively personal memoir of a vanished world and of a rebellious, high-spirited young woman's struggle to achieve independence. Born in 1883 into a distinguished and wealthy aristocratic family of the old Austro-Hungarian Empire, Hermynia Zur Mühlen spent much of her childhood travelling in Europe and North Africa with her diplomat father. After five years on her German husband's estate in czarist Russia she broke with both her family

and her husband and set out on a precarious career as a professional writer committed to socialism. Besides translating many leading contemporary authors, notably Upton Sinclair, into German, she herself published an impressive number of politically engaged novels, detective stories, short stories, and children's fairy tales. Because of her outspoken opposition to National Socialism, she had to flee her native Austria in 1938 and seek refuge in England, where she died, virtually penniless, in 1951. This revised and corrected translation of Zur Muhlen's memoir - with extensive notes and an essay on the author by Lionel Gossman - will appeal especially to readers interested in women's history, the Central European aristocratic world that came to an end with the First World War, and the culture and politics of the late nineteenth and early twentieth centuries.

New Mozart Documents Cliff Eisen 1991-10-23 O.E.Deutsch's documentary biography of Mozart, first published in German in 1961 and translated into English in 1965, presented all the contemporary documentation on Mozart then known to scholars. During three decades of research more have come to light, and Dr Eisen himself has substantially augmented their number with a methodical search through contemporary research material - newspapers, diaries, memoirs, books and many others. This new edition presents all the material discovered since the English edition of the Deutsch volume, with full description and documentation. This book is essential reading for anyone concerned with the basic information on Mozart's life, his activities and the reception of his music.

A Foreign Affair Gerd Gemünden 2008-04-30 With six Academy Awards, four entries on the American Film Institute's list of 100 greatest American movies, and more titles on the National Historic Register of classic films deemed worthy of preservation than any other director, Billy Wilder counts as one of the most accomplished filmmakers ever to work

in Hollywood. Yet how American is Billy Wilder, the Jewish émigré from Central Europe? This book underscores this complex issue, unpacking underlying contradictions where previous commentators routinely smoothed them out. Wilder emerges as an artist with roots in sensationalist journalism and the world of entertainment as well as with an awareness of literary culture and the avant-garde, features that lead to productive and often highly original confrontations between high and low.
