

# Masculinities And Violence Sage Series On Men And Masculinity

Recreating Men Bob Pease 2000-02-02 One of the most central issues for women's prospects for equality is whether man can and will change. Changing the social relations of gender will involve changing men's subjectives as well as their daily practices. This book asks whether this is possible. Bob Pease examines how men, who are supportive of feminism, are responding to the feminist challenge, through an exploration of their experiences and dilemmas in trying to live out their feminist commitment and resist hegemonic forms of masculinity. The book is driven by practical as well as theoretical concerns, and aims to develop strategies that will promote the process of change towards equality in gender relations. Drawing on a critical postmodern theoretical framework, Pease argues that it is possible for men to reposition themselves in patriarchal discourses and to reformulate their interests in challenging gender domination. *Recreating Men* is an invaluable reading for academics and students of gender studies, and of interest to students of sociology, psychology and political sociology.

**Gender and Qualitative Methods** Helmi Järviluoma 2003-10-21 *Gender and Qualitative Methods* outlines the practical and philosophical issues of gender in qualitative research. Taking a social constructionist approach to gender, the authors emphasize that the task of the researcher is to investigate how gender/s is/are defined, negotiated and performed by people themselves within specific situations and locations. Each chapter begins with an introduction to a specific method and/or research subject and then goes on to discuss gender as an analytical category in relation to it. Areas covered include: field work; life story; membership categorisation analysis; and analysis of gender in sound and vision. Written in a clear and accessible way, each chapter contains practical exercises that will teach the student methods to observe and analyze the effects of gender in various texts and contexts. The book is also packed with examples taken from women and men's studies as well as from feminist and other gender studies.

**Feminist Sociology** Sara Delamont 2003-04-21 Exploring the achievements of British feminist sociology in theory, methods and empirical research, Sara Delamont outlines the barriers to the development of feminism and explores contemporary challenges. She provides an unrivalled guide to the origins of feminism in the discipline of sociology, analyzes the uneasy relationships between feminists and the founding fathers, and elucidates the opportunities and challenges presented by postmodernism.

**American Masculinities: A Historical Encyclopedia** Bret Carroll 2003-10-14 "This is a highly recommended purchase for undergraduate, medium-sized, and large public libraries wishing to provide a substantial introduction to the field of men's studies." --Reference & User Services Quarterly "Pleasing layout and good cross-references make Carroll's compendium a welcome addition to collections serving readers of all ages. Highly recommended." --CHOICE "An excellent index, well-chosen photographs and illustrations, and an extensive bibliography add further value. *American Masculinities* is well worth what would otherwise be too hefty a price for many libraries because no other encyclopedia comes close to covering this growing field so well." --American Reference Books Annual *American Masculinities: A Historical Encyclopedia* is a first-of-its-kind reference, detailing developments in the growing field of men's studies. This up-to-date analytical review serves as a marker of how the field has evolved over the last decade, especially since the 1993 publication of Anthony Rotundo's *American Manhood*. This seminal book opened new vistas for exploration and research into American History, society, and culture. Weaving the fabric of American history, *American Masculinities* illustrates how American political leaders have often used the rhetoric of manliness to underscore the presumed moral righteousness and ostensibly protective purposes of their policies. Seeing U.S. history in terms of gender archetypes, readers will gain a richer and deeper understanding of America's democratic political system, domestic and foreign policies, and capitalist economic system, as well as the "private" sphere of the home and domestic life. The contributors to *American Masculinities* share the assumption that men's lives have been grounded fundamentally in gender, that is, in their awareness of themselves as males. Their approach goes beyond scholarship which traditionally looks at men (and women) in terms of what they do and how they have influenced a given field or era. Rather, this important work delves into the psychological core of manhood which is shaped not only

by biology, but also by history, society, and culture. Encapsulating the current state of scholarly interpretation within the field of Men's Studies, *American Masculinities: A Historical Encyclopedia* is designed to help students and scholars advance their studies, develop new questions for research, and stimulate new ways of exploring the history of American life. Key Features - Reader's Guide facilitates browsing by topic and easy access to information - Extensive name, place, and concept index gives users an additional means of locating topics of interest - More than 250 entries, each with suggestions for further reading - Cross references direct users to related information - Comprehensive bibliography includes a list of sources organized by categories in the field Topics Covered - Arts, Literature, and Popular Culture - Body, Health, and Sexuality - Class, Ethnic, Racial, and Religious Identities - Concepts and Theories - Family and Fatherhood - General History - Icons and Symbols - Leisure and Work - Movements and Organizations - People - Political and Social Issues About the Editor Bret E. Carroll is Associate Professor of History at California State University, Stanislaus. He received his Ph.D. from Cornell University in 1991. He is author of *The Routledge Historical Atlas of Religion in America* (1997), *Spiritualism in Antebellum America* (1997), and several articles on nineteenth-century masculinity.

**Engaging Men and Boys in Violence Prevention** Michael Flood 2018-11-07 Across the globe, violence prevention initiatives focused on men and boys are proliferating rapidly. *Engaging Men and Boys in Violence Prevention* highlights effective and innovative strategies for the primary prevention of domestic violence, sexual violence, and other forms of harassment and abuse. It combines research on gender, masculinities, and violence with case studies from a wide variety of countries and settings. Through the cross-disciplinary examination of these varied efforts, this work will enable advocates, educators, and policy-makers to understand, assess, and implement programs and strategies which involve men and boys in initiatives to prevent violence against women.

**Gender, Masculinity and Video Gaming** Marcus Maloney 2019-11-23 This book examines gender attitudes in Reddit's popular video gaming community subreddit, r/gaming. Video gaming has long been understood as a masculinised social space and, while increasing numbers of girls and women now engage in the pastime, boys and men remain the predominant social actors. Furthermore, the gaming community has been widely identified as a prime case study in broader concerns around 'toxic' masculinity and gendered online harassment. However, there is also underexamined evidence of a growing movement in the community coming forward to voice its collective opposition. Utilising an innovative combination of computational and qualitative methods, the research undertaken here exposes this fuller picture, revealing significant contestation and a spectrum of attitudes that mark out this popular gaming community as a battleground for gender (in)equality. Students and scholars across a range of disciplines, including gender studies, media studies, cultural studies, sociology, games studies and computer sciences, will find this book of interest.

**Masculinities, Gender Relations, and Sport** Jim McKay 2000-05-26 In the era of sports dominance in America, athletics have become both a metaphor and reality of American masculinity. Edited by three of the leading scholars at the intersection of masculinity and sports studies, this volume offers a fascinating articulation on the state of athletics in modern society. Each part of the volume examines a significant arena and tackles some of the most deeply rooted issues within the field of sports. From the mechanisms by which masculinity is interwoven into sports to the violence encoded within the field, this book provides an insiders look at the state of gender relations.

Men and Masculinity: The Basics Nigel Edley 2017-05-12 *Men and Masculinity: The Basics* is an accessible introduction to the academic study of masculinity which outlines the key ideas and most pressing issues concerning the field today. Providing readers with a framework for understanding these issues, it explores the ways that masculinity has been understood in the Social Sciences and Humanities to date. Addressing theories which view masculinity as being in a permanent state of flux and crisis, it explores such problem areas as: the male body men and work men and fatherhood male sexuality male violence. With a glossary of key terms, case studies reflecting the most important studies in the field of masculinity research and suggestions for further study, *Men and Masculinity: The Basics* is an essential read for anyone

approaching the study of masculinity for the first time.

**Manhood Acts** Michael Schwalbe 2015-11-17 In *Manhood Acts* Michael Schwalbe offers a new perspective on the social construction of manhood and its relationship to male domination. Schwalbe argues that study of masculinity has lost touch with its feminist roots and has been seduced by the politically safe notion of 'multiple masculinities'. *Manhood Acts* delineates the practices males use to construct 'women' and 'men' as unequal categories. Schwalbe reclaims the radical feminist insights that gender is a field of domination, not a field of play, and that manhood is fundamentally about exerting or resisting control. *Manhood Acts* arrives at the conclusion that abolishing gender as a system of oppression will require more than transgressive self-presentation. It will be necessary to end the exploitive economic relationships that necessitate manhood itself.

*Violence and Gender Relations* Barbara Fawcett 1996-04-04 This examination of violence, through a focus on gender relations, demonstrates the relationship between research, theory, policy and practice, and proposes innovative courses of action to combat it.

**Men, Masculinity and the Media** Steve Craig 1992-02-26 Although studies of men and masculinity have gained momentum, little has been published that focuses on the media and their relationship to men as men. *Men, Masculinity and the Media* addresses this shortcoming. Scholars from across the social sciences investigate past media research on men and masculinity. They also examine how the media serve to construct masculinities, how men and their relationships have been depicted and how men respond to media images. From comic books and rock music to film and television, this groundbreaking volume scrutinizes the interrelationship among men, the media and masculinity.

**Haredi Masculinities between the Yeshiva, the Army, Work and Politics** Yohai Hakak 2016-05-30 In *Haredi Masculinities between the Yeshiva, the Army, Work and Politics: The Sage, the Warrior and the Entrepreneur*, Hakak takes us on a fascinating journey into the world of young Haredi men who dare to leave Jewish Haredi religious seminaries (Yeshivas and Kollels) and explore new territories. Through extensive participant observations in a Haredi army basic training course, an occupational training program in Hi-Tech professions and the Haredi Headquarter of the Likud Party, Hakak explores the interactions between young Haredi men and the cultural and masculine models they meet in these new sites. Hakak's observations expose the varying ways in which Haredi masculinities are being re-shaped through such interactions, and how this is impacting the Haredi minority and Israeli society more broadly.

**Some Men** Michael A. Messner 2015-02-16 What does it mean for men to join with women as allies in preventing sexual assault and domestic violence? Based on life history interviews with men and women anti-violence activists aged 22 to 70, *Some Men* explores the strains and tensions of men's work as feminist allies. When feminist women began to mobilize against rape and domestic violence, setting up shelters and rape crisis centers, a few men asked what they could do to help. They were directed "upstream," and told to "talk to the men" with the goal of preventing future acts of violence. This is a book about men who took this charge seriously, committing themselves to working with boys and men to stop violence, and to change the definition of what it means to be a man. The book examines the experiences of three generational cohorts: a movement cohort of men who engaged with anti-violence work in the 1970s and early 1980s, during the height of the feminist anti-violence mobilizations; a bridge cohort who engaged with anti-violence work from the mid-1980s into the 1990s, as feminism receded as a mass movement and activists built sustainable organizations; a professional cohort who engaged from the mid-1990s to the present, as anti-violence work has become embedded in community and campus organizations, non-profits, and the state. Across these different time periods, stories from life history interviews illuminate men's varying paths--including men of different ethnic and class backgrounds--into anti-violence work. *Some Men* explores the promise of men's violence prevention work with boys and men in schools, college sports, fraternities, and the U.S. military. It illuminates the strains and tensions of such work--including the reproduction of male privilege in feminist spheres--and explores how men and women navigate these tensions. To learn more please visit [somenen.org](http://somenen.org)

*Men's Health and Illness* Donald Sabo 1995-08-30 The reader, whether a professional health care worker, researcher, clinician, or concerned individual, will obtain a clearer perspective on the connections between men's health and gender, along with a broader conceptualization of the experiences of men in contemporary society. --Choice Men's Health and

*Illness* contextualizes men's health issues within the broader theoretical framework of the new men's studies. This framework focuses on the profound influence of gender on social life and individual experience. The editors and chapter contributors of this groundbreaking volume argue that gender is a key factor for understanding the patterns of men's health risks, the ways men perceive and use their bodies, and men's psychological adjustment to illness itself. Part I introduces readers to men's studies perspectives and explains their relevance for understanding men's health. Part II explores the linkages between traditional gender roles, men's health, and larger structural and cultural contexts, and Part III examines the implications of multiple masculinities for health issues. The scope of this volume is both multidisciplinary and international. The authors use quantitative and qualitative research methodologies which provide a well-rounded analysis of the subject matter. Taken collectively, the contributions to *Men's Health and Illness* reflect current efforts by men's studies practitioners to develop theoretical explanations of men's lives that also refer to the influences of class, race, ethnicity, sexual preference, and age. This collaborative effort in presenting research and theories is so significant that it should become part of the literature studied by advocates of women's studies and men's studies. The reader, whether professional healthcare worker, researcher, clinician, or concerned individual will obtain a clearer perspective on the connections between men's health and gender, along with a broader conceptualization of the experiences of men in contemporary society. Upper-division undergraduate through professional." --Choice

**Male Peer Support and Violence Against Women** Walter S.

DeKeseredy 2013-11-05 An important and timely reassessment of a crucial theory in male violence against women

**Masculinities and Violence** Lee H. Bowker 1997-12-18 *Masculinities and Violence*, the latest volume in the *Research on Men and Masculinities* series, takes a sobering look at men and violence. Editor Lee H. Bowker has carefully chosen essays that shed light on the causes and settings of masculine violence. The three essays in Part I lay out the ways in which men learn violence and repeat it. Part II focuses on the ways men victimize women and children. Part III turns to ways men victimize other men. Finally, Part IV looks at men and organizational violence. Understanding the masculinities-violence nexus is crucially important to finding ways to mitigate the masculine tendency to violence. This perceptive volume will be an important resource for all those interested in the field of gender roles, men's studies, and interpersonal violence.

**The Guy's Guide to Feminism** Michael Kaufman 2011-10-25 Written by and for men, the ultimate guide to becoming a strong male ally in the 21st century In just one generation, age-old ideas about women have been swept aside . . . but what does that have to do with men? Authors Michael Kaufman and Michael Kimmel, two of the world's leading male advocates of gender equality, believe it has everything to do with them -- and that it's crucial to educate men about feminism in order for them to fully understand just how important and positive these changes have been for them. Kaufman and Kimmel address these issues in *The Guy's Guide to Feminism*. Hip and accessible, it contains nearly a hundred entries -- from "Autonomy" to "Zero Tolerance" -- written in varying tones (humorous, satirical, irreverent, thoughtful, and serious) and in many forms ("top ten" lists, comics, interviews, mini-stories, and more). Each topic celebrates the ongoing gains that are improving the lives of women and girls -- and what that really means for men. Informal and fun yet substantive and intelligent, *The Guy's Guide to Feminism* illustrates how understanding and supporting feminism can help men live richer, fuller, and happier lives.

**Men as Managers, Managers as Men** David Collinson 1996-09-28

Most managers in most organizations in most countries are men. This book is the first international work to address the relationships between men, masculinities and managements. It examines the processes through which gendered managerial structures, cultures and practices are reproduced. Exploring top and middle managers, entrepreneurs, corporate executives, and public and private sector managers, the book breaks new ground by critically examining the gendered power processes that have largely been assumed and ignored by conventional organizational and management theory. As well as providing new insights into how managements and masculinities may reinforce each other, this challenging book ultimately explores the ways in w

**Masculinities** Raewyn Connell 1995 Here is a powerful reply to Iron John, a fresh look at the complicated nature of what R.W. Connell calls "masculinities." One of the most important voices in the new feminist

scholarship by men, Connell provides a nuanced and incisive analysis of how our notions of masculinity have evolved in psychoanalysis, social science, and historically in the creation of a global economy. There is not one but many masculinities, he claims, in a bold critique of the "men's movement" and other simplistic approaches to sexual identity. Instead, Connell delineates the complicated dynamics of masculine politics and recent changes in male identity. Drawing on rich ethnographic work, Connell offers portraits of dozens of men of different classes, some working to change masculinities, some resisting change. Eel openly disparages his wife: "The first chance I can see to get rid of her, she's gone." Mark, who calls himself "a very straight gay," thinks men should behave in traditionally masculine ways. "If you're a guy why don't you just act like a guy?" he asks. Danny, undertaking the "long haul" of his own sexism, admits, "It's hard not to be aggressive sometimes." Connell offers the first critical history of ideas and the most sophisticated theoretical analysis of masculinity to date. His attempts to understand changes in male identity and to think about these issues on a global scale are unique. Integrating social science, feminist theory, gay theory, and psychoanalysis in an innovative yet unusually accessible way, he develops a new theory of masculinity politics. This is a book for everyone interested in the history of western masculinities and the sexual politics of the contemporary era.

**Handbook of Studies on Men and Masculinities** Michael S. Kimmel 2005

In the past, research in the field of gender has mainly addressed issues about women, and has for the most part been developed by women. Recently, the study of gender has rapidly expanded and there has been a growing interest in men's and boys' identities, conduct, and problems. The Handbook of Studies on Men and Masculinities is an interdisciplinary and international culmination of the growth of men's studies that also offers insight about future directions for the field. The Handbook provides a broad view of masculinities primarily across the social sciences, with the inclusion of important debates in some areas of the humanities and natural sciences. The various approaches presented in this Handbook range across different disciplines, theoretical perspectives, methodologies, and conceptualizations in relation to the topic of men. Editors Michael S. Kimmel, Jeff Hearn, and Robert W. Connell have assembled an esteemed group of contributors who are among the best-known experts in their particular fields. The Handbook of Studies on Men and Masculinities examines the construction of masculinities in four different frames: the social organization of masculinities in their global and regional iterations; the institutional reproduction and articulation of masculinities; the ways in which masculinities are organized and practiced within a context of gender relations; and the ways in which individual men express and understand their gendered identities. The Handbook is organized in a way that moves from the larger, global, and institutional articulations of masculinities, to the more intimate and personal expressions. The Handbook of Studies on Men and Masculinities provides scholars, researchers, and students with the most current, incisive scholarship available for the men's studies area of gender studies. It is a vital resource for those interested in the practical or cultural issues about men, boys, and gender, as well as an excellent addition to any academic library.

**Masculinities at School** Nancy Lesko 2000 Despite the trend toward gender studies in the social sciences, studies of masculinity have been largely absent from educational research. This volume presents a collection of the current critical scholarship on the creation of masculinities in schools, relations among competing definitions of masculinity and femininity, and linkages between masculinity and school practices. With contributions from the leading scholars in the field, Nancy Lesko studies masculinities in North American, Australian, and British schools. This book covers all levels of schooling, from preschool to graduate school, and school settings from computer labs to football fields. This fascinating addition to Sage's Research in Men and Masculinities Series provides a thoughtful examination of how masculinities are constructed among teachers, students, and administrators, locating these analyses within broader social, economic, and ideological contexts. Masculinities at School is a must read for scholars of education, sociology, men's studies and gender studies.

**Theorizing Masculinities** Men's Studies Association (U.S.) 1994-06-13 Drawing together the broad range of theoretical issues posed in the new study of masculinity, contributors from diverse backgrounds address in this volume the different disciplinary roots of theories of masculinity - sociology, psychoanalysis, ethnography, and inequality studies. Subsequent chapters theoretically model many issues central to the

study of men - power, ethnicity, feminism, homophobia - or develop theoretical explanations of some of the institutions most closely identified with men including the military and the men's movement. *Routledge International Handbook of Masculinity Studies* Lucas Gottzén 2019-11-20 The Routledge International Handbook of Masculinity Studies provides a contemporary critical and scholarly overview of theorizing and research on masculinities as well as emerging ideas and areas of study that are likely to shape research and understanding of gender and men in the future. The forty-eight chapters of the handbook take an interdisciplinary approach to a range of topics on men and masculinities related to identity, sex, sexuality, culture, aesthetics, technology and pressing social issues. The handbook's transnational lens acknowledges both the localities and global character of masculinity. A clear message in the book is the need for intersectional theorizing in dialogue with feminist, queer and sexuality studies in making sense of men and masculinities. Written in a clear and direct style, the handbook will appeal to students, teachers and researchers in the social sciences and humanities, as well as professionals, practitioners and activists.

**The Psychology of Men and Masculinities** Ronald F. Levant 2017

This volume synthesizes and evaluates major theories, research, and applications in the psychology of men and masculinities--a thriving, growing field dedicated to the study of how men's lives shape, and are shaped by, sex and gender.

*What Causes Men's Violence Against Women?* Michele Harway

1999-09-09 Carefully organized and tightly edited, this insightful book considers potential causes of men's violence against women, utilizing a variety of theoretical perspectives. It summarizes what is known about the multiple causes of men's violence against women and the importance of identifying men's risk factors in order to prevent future violence. The editors' approach is unique but systematic. In chapter 2, the editors present a preliminary multivariate model that explains men's violence against women by identifying four content areas: macrosocietal, biological, gender role socialization, and relation factors. Within these four areas, the editors develop thirteen preliminary hypotheses about the causes of men's violence against women. In the subsequent chapters the contributing authors critique or react to specific parts of the multivariate model and address one or more of the 13 hypotheses in the presentation of their own ideas about the causes of men's violence against women. In the concluding chapter, the editors summarize the contributors' reactions to the original hypotheses by creating a revised multivariate model of risk factors for men's violence against women. The final model includes biological, socialization, psychological, psychosocial, relational, and macrosocietal factors. Furthermore, the model is explained through 13 theoretical propositions, 40 research hypotheses, and over 60 risk variables related to men's violence against women. The book closes with a discussion of men's protective, resiliency, and vulnerability factors as well as future directions for theory development, advocacy, and the prevention of violence against women.

**Companion to Women's and Gender Studies** Nancy A. Naples

2020-03-26 A comprehensive overview of the interdisciplinary field of Women's and Gender Studies, featuring original contributions from leading experts from around the world The Companion to Women's and Gender Studies is a comprehensive resource for students and scholars alike, exploring the central concepts, theories, themes, debates, and events in this dynamic field. Contributions from leading scholars and researchers cover a wide range of topics while providing diverse international, postcolonial, intersectional, and interdisciplinary insights. In-depth yet accessible chapters discuss the social construction and reproduction of gender and inequalities in various cultural, social-economic, and political contexts. Thematically-organized chapters explore the development of Women's and Gender Studies as an academic discipline, changes in the field, research directions, and significant scholarship in specific, interrelated disciplines such as science, health, psychology, and economics. Original essays offer fresh perspectives on the mechanisms by which gender intersects with other systems of power and privilege, the relation of androcentric approaches to science and gender bias in research, how feminist activists use media to challenge misrepresentations and inequalities, disparity between men and women in the labor market, how social movements continue to change Women's and Gender Studies, and more. Filling a significant gap in contemporary literature in the field, this volume: Features a broad interdisciplinary and international range of essays Engages with both individual and collective approaches to agency and resistance Addresses topics of intense current interest and debate such as transgender movements, gender-based violence, and gender discrimination policy Includes an overview of shifts

in naming, theoretical approaches, and central topics in contemporary Women's and Gender Studies Companion to Women's and Gender Studies is an ideal text for instructors teaching courses in gender, sexuality, and feminist studies, or related disciplines such as psychology, history, education, political science, sociology, and cultural studies, as well as practitioners and policy makers working on issues related to gender and sexuality.

*The Violences of Men* Jeff Hearn 1998-07-28 Addressing the problem of men's violence to known women, this book considers the scale of, and critically reviews the theoretical frameworks used to explain this violence. From the perspective of 'critical studies on men', Jeff Hearn discusses issues, challenges and possible research methods for those researching violence. He draws on extensive research to analyze the various ways in which men describe, deny, justify and excuse their violence, and considers the complex interaction between doing violence and talking about violence. The book concludes with a summary of the key issues for theory, politics, policy and practice.

**Violence, Gender and Justice** Maggie Wykes 2008-12-19 'This is a very impressive piece of thorough scholarship. It is an important book that highlights the need to consider gender when developing policies to respond to interpersonal violence. It is written in a clear and accessible style and should be required reading for all criminal justice students.' - Dr Malcolm Cowburn, Sheffield Hallam University This comprehensive text provides an overview of the relationship between violence, gender, crime and justice. It brings together theory with contemporary cases to enable the reader to understand the key concepts, issues and connections involved. Enlightening and accessible, the book examines the experiences and treatment of men and women as victims and criminals. It explores whether and how offending patterns differ according to gender, and investigates the connections between gender, offending and victimisation. The book covers different types of interpersonal violence including sexual violence, 'domestic' violence, 'domestic' murder, male-on-male violence and child abuse. It explores how sexual and 'domestic' violence have been represented in the media, in the law and in criminal justice processes. Not only does the book present a comprehensive introduction to the field, it also offers reflective questions at the end of each chapter to enable the reader to integrate and interrogate the material covered. Chapter summaries and annotated bibliographies enhance the learning process by helping students to consolidate and further investigate key points. This book is essential for students and academics in criminology, criminal justice, sociology and gender studies.

*Queer Masculinities* John Landreau 2011-09-28 Queer Masculinities: A Critical Reader in Education is a substantial addition to the discussion of queer masculinities, of the interplay between queer masculinities and education, and to the political gender discourse as a whole. Enriching the discourse of masculinity politics, the cross-section of scholarly interrogations of the complexities and contradictions of queer masculinities in education demonstrates that any serious study of masculinity—hegemonic or otherwise—must consider the theoretical and political contributions that the concept of queer masculinity makes to a more comprehensive and nuanced understanding of masculinity itself. The essays adopt a range of approaches from empirical studies to reflective theorizing, and address themselves to three separate educational realms: the K-12 level, the collegiate level, and the level in popular culture, which could be called 'cultural pedagogy'. The wealth of detailed analysis includes, for example, the notion that normative expectations and projections on the part of teachers and administrators unnecessarily reinforce the values and behaviors of heteronormative masculinity, creating an institutionalized loop that disciplines masculinity. At the same time, and for this very reason, schools represent an opportunity to 'provide a setting where a broader menu can be introduced and gender/sexual meanings, expressions, and experiences boys encounter can create new possibilities of what it can mean to be male'. At the collegiate level chapters include analysis of what the authors call 'homosexualization of heterosexual men' on the university dance floor, while the chapters of the third section, on popular culture, include a fascinating analysis of the construction of queer 'counternarratives' that can be constructed watching TV shows of apparently hegemonic bent. In all, this volume's breadth and detail make it a landmark publication in the study of queer masculinities, and thus in critical masculinity studies as a whole.

*Cracking the Armour* Michael Kaufman 1994 "Everywhere we turn, women are challenging men's power and men are rethinking what it means to be men. But why is it that so many men feel powerless and

alienated despite the social, economic and personal power that seems to be their birthright? In *Cracking the Armour*, Michael Kaufman weaves a rich and colourful narrative of men's experiences with sexuality, pornography, violence, fatherhood, families, and friendships. He gives an account of men's aspirations, obsessions, and concerns that is sometimes funny, often provocative, and always honest and direct. In the process, he helps us understand what is harmful to men and oppressive to women about our current notions of masculinity, and to reclaim the possibilities and joys so many men have buried in the quest for an armour-plated manhood."--Author's website.

*Young Masculinities* Stephen Frosh 2002 This text centres on a study in which boys talked openly about such issues as their relationships with parents and friends, hardness, homophobia and football, and the importance of youth style, race and ethnicity.

*Young Men Navigating Contemporary Masculinities* Karla Elliott 2020-02-25 This book explores navigations of contemporary masculinities amongst young, advantaged men living in Australia and Germany. Taking an intersectional approach, the book argues that more open, egalitarian forms of masculinity, such as caring masculinities, are fostered by marginalised groups. Elliott investigates ways in which privileged men can move towards this openness alongside ongoing expressions of more traditional or regressive masculinity. Drawing on interviews, the book explores these navigations and the ways in which they are bound up with themes such as work, mobility, relationships, the privileges and pressures of masculinities, and the contradictions and difficulties of masculinities under neoliberalism. What is revealed is the need for change at individual, collective and structural levels, with care and openness amongst men as a means of achieving this change. *Young Men Navigating Contemporary Masculinities* will be of interest to students and scholars in fields such as sociology, gender studies, critical studies on men and masculinities, and cultural studies.

*Doing Autoethnography* Sandra L. Pensoneau-Conway 2017-09-12 In 2011, *Doing Autoethnography*—the first conference to focus solely on autoethnographic principles and practices—was held in chilly Detroit, Michigan on the campus of Wayne State University. The conference has since occurred four additional times (2013, 2014, 2015, 2016). Across the five conferences, thousands of attendees from more than ten countries have participated in hundreds of presentations, more than a dozen workshops, and multiple keynote addresses. The chapters in this collection represent outstanding work from the five conferences. Together, authors interrogate autoethnography ethically, theoretically, relationally, and methodologically. Readers will encounter many overlapping themes: identity norms and negotiations; experiences tied to race, gender, sexuality, size, citizenship, and dis/ability; exclusion and belonging; oppression, injustice, and assault; barriers to learning/education; and living with/in complicated relationships. Some chapters provide clear resolutions; others seemingly provide none. Some authors highlight conventionally positive aspects of experience; others dwell in what might be understood as relational darkness. Some experiences will likely resonate with many readers; others will feel unique, unusual, exceptional. In its entirety, the collection will take readers on an evocative, reflexive, and insightful journey.

*Masculinities, Crime and Criminology* Richard Collier 1998-11-10 In this work which questions why crime is so overwhelmingly an activity conducted by men, Collier presents an alternative approach to theorizing the 'maleness' of crime. The book also includes exploration of high-profile debates around crime.

*Men of the World* Jeff Hearn 2015-07-14 Men of the World will be seized upon by academics and activists facing up to the persistence, proliferation and transnationalization of patriarchies. - Cynthia Cockburn, City University, London and University of Warwick "This is an important, thought-provoking and incredibly timely book from one of the leading scholars in the field of men and masculinities. I cannot praise this wonderful book highly enough." - Richard Collier, Newcastle University "In this lively and engaging new book, Hearn looks back over nearly 40 years in feminist-framed studies of men and masculinities, and also forward to the futuristic scenarios through which gender power is currently evolving in transpatriarchal contexts." - Terrell Carver, University of Bristol What have men and globalization got to do with each other? How are men shaping and being shaped by globalization? How is globalization gendered? Why do many books on globalization fail to discuss gender relations? And why do many of those that do omit an explicit and developed analysis of men and gender relations? Men of the World brings together autobiographical reflections and memories on changing personal locations, contemporary empirical studies on major

power processes, and up to date theoretical development. It considers the implications of debates on globalization for analyzing men, and the implications of debates on men and masculinities for globalization, transnational change and transnational patriarchies, as part of engagement and critique focused on the global North. Specific chapters address diverse transnational issues: transnational bodies and emotions in violence, violation and militarism; transnational organizing across states, big business, global finance, and activism; transnational movements in the environment, migration, and information and communication technologies and sexualities; and finally, challenges to the gender category of ‘men’. An essential read for students and researchers of gender, sexuality, masculinity, intersectionality, and globalization across the social sciences. Jeff Hearn is Guest Faculty Research Professor, Gender Studies, Örebro University, Sweden; Professor of Management and Organization, Hanken School of Economics, Finland; Professor of Sociology, University of Huddersfield, UK.

Rethinking Masculinity Robert Strikwerda 1996-10-24 The new edition of this popular book is reorganized to present pairs of contrasting views on what it means to be a man in contemporary Western culture. Addressing such issues as sex differences, fatherhood, intimacy, homosexuality, and oppression; the collection also includes new discussions of paternity, pornography, mixed-race marriage, impotence, and violence. Rethinking Masculinity is an excellent text for gender studies, ethics, and social philosophy courses.

Masculinities, Violence and Culture Suzanne E. Hatty 2000-05-11 This exciting and unique new book offers a post-modern analysis linking the contemporary social crisis of masculine subjectivity and the law and order crisis over escalating violence. In doing so it examines the major biological, psychological, sociological, and anthropological theoretical models of masculinity and violence, and formulates an integrated theoretical approach to the relationship between violence and masculinity. In essence, the book focuses on violence as a gendered activity - specifically a masculine activity. Early chapters define and theorize both violence and masculinity, and subsequent chapters focus on representations of violence and masculinity in popular culture. Familiar but insightful examples from cartoons, fiction, television, and the movies are used to illustrate the construction of masculinity in popular culture as well as the range of images of violence that dominate our senses. Drawing from diverse literatures and traditions, this engaging book is directed to advanced undergraduate and graduate students as well as professionals in Criminology, Legal Studies, Psychology, Sociology, Gender Studies, and Cultural Studies. Because of its theoretical aspects, it will be of interest to students and scholars in the United Kingdom, Australia, and Canada, as well as in the United States.

## Masculinities And Violence Sage Series On Men And Masculinity

Welcome to sp.athena-security.com, your go-to destination for a vast collection of **Masculinities And Violence Sage Series On Men And Masculinity** PDF eBooks. We are passionate about making the world of literature accessible to everyone, and our platform is designed to provide you with a seamless and enjoyable for Masculinities And Violence Sage Series On Men And Masculinity eBook downloading experience.

At sp.athena-security.com, our mission is simple: to democratize knowledge and foster a love for reading Masculinities And Violence Sage Series On Men And Masculinity. We believe that everyone should have access to Masculinities And Violence Sage Series On Men And Masculinity eBooks, spanning various genres, topics, and interests. By offering Masculinities And Violence Sage Series On Men And Masculinity and a rich collection of PDF eBooks, we aim to empower readers to explore, learn, and immerse themselves in the world of literature.

In the vast expanse of digital literature, finding Masculinities And Violence Sage Series On Men And Masculinity sanctuary that delivers on both content and user experience is akin to discovering a hidden gem. Enter sp.athena-security.com, Masculinities And Violence Sage Series On Men And Masculinity PDF eBook download haven that beckons readers

into a world of literary wonders. In this Masculinities And Violence Sage Series On Men And Masculinity review, we will delve into the intricacies of the platform, exploring its features, content diversity, user interface, and the overall reading experience it promises.

At the heart of sp.athena-security.com lies a diverse collection that spans genres, catering to the voracious appetite of every reader. From classic novels that have withstood the test of time to contemporary page-turners, the library pulsates with life. The Masculinities And Violence Sage Series On Men And Masculinity of content is evident, offering a dynamic range of PDF eBooks that oscillate between profound narratives and quick literary escapes.

One of the defining features of Masculinities And Violence Sage Series On Men And Masculinity is the orchestration of genres, creating a symphony of reading choices. As you navigate through the Masculinities And Violence Sage Series On Men And Masculinity, you will encounter the perplexity of options — from the structured complexity of science fiction to the rhythmic simplicity of romance. This diversity ensures that every reader, irrespective of their literary taste, finds Masculinities And Violence Sage Series On Men And Masculinity within the digital shelves.

In the realm of digital literature, burstiness is not just about variety but also the joy of discovery. Masculinities And Violence Sage Series On Men And Masculinity excels in this dance of discoveries. Regular updates ensure that the content landscape is ever-changing, introducing readers to new authors, genres, and perspectives. The unpredictable flow of literary treasures mirrors the burstiness that defines human expression.

An aesthetically pleasing and user-friendly interface serves as the canvas upon which Masculinities And Violence Sage Series On Men And Masculinity paints its literary masterpiece. The websites design is a testament to the thoughtful curation of content, offering an experience that is both visually appealing and functionally intuitive. The bursts of color and images harmonize with the perplexity of literary choices, creating a seamless journey for every visitor.

The download process on Masculinities And Violence Sage Series On Men And Masculinity is a symphony of efficiency. The user is greeted with a straightforward pathway to their chosen eBook. The burstiness in the download speed ensures that the literary delight is almost instantaneous. This seamless process aligns with the human desire for swift and uncomplicated access to the treasures held within the digital library.

A key aspect that distinguishes sp.athena-security.com is its commitment to responsible eBook distribution. The platform adheres strictly to copyright laws, ensuring that every download Masculinities And Violence Sage Series On Men And Masculinity is a legal and ethical endeavor. This commitment adds a layer of ethical perplexity, resonating with the conscientious reader who values the integrity of literary creation.

sp.athena-security.com doesnt just offer Masculinities And Violence Sage Series On Men And Masculinity; it fosters a community of readers. The platform provides space for users to connect, share their literary explorations, and recommend hidden gems. This interactivity adds a burst of social connection to the reading experience, elevating it beyond a solitary pursuit.

In the grand tapestry of digital literature, sp.athena-security.com stands as a vibrant thread that weaves perplexity and burstiness into the reading journey. From the nuanced dance of genres to the swift strokes of the download process, every aspect resonates with the dynamic nature of human expression. Its not just a Masculinities And Violence Sage Series On Men And Masculinity eBook download website; its a digital oasis where literature thrives, and readers embark on a journey filled with delightful surprises.

## Masculinities And Violence Sage Series On Men And Masculinity

We take pride in curating an extensive library of Masculinities And Violence Sage Series On Men And Masculinity PDF eBooks, carefully selected to cater to a broad audience. Whether youre a fan of classic literature, contemporary fiction, or specialized non-fiction, youll find something that captivates your imagination.

User-Friendly Platform

Navigating our website is a breeze. Weve designed the user interface with you in mind, ensuring that you can effortlessly discover Masculinities And Violence Sage Series On Men And Masculinity and download Masculinities And Violence Sage Series On Men And Masculinity eBooks. Our search and categorization features are intuitive, making it easy for you to find Masculinities And Violence Sage Series On Men And Masculinity.

Legal and Ethical Standards

sp.athena-security.com is committed to upholding legal and ethical standards in the world of digital literature. We prioritize the distribution of Masculinities And Violence Sage Series On Men And Masculinity that are either in the public domain, licensed for free distribution, or provided by authors and publishers with the right to share their work. We actively discourage the distribution of copyrighted material without proper authorization.

Quality: Each eBook in our collection is carefully vetted to ensure a high standard of quality. We want your reading experience to be enjoyable and free of formatting issues.

Variety: We regularly update our library to bring you the latest releases,

timeless classics, and hidden gems across genres. Theres always something new to discover.

Community Engagement: We value our community of readers. Connect with us on social media, share your favorite reads, and be part of a growing community passionate about literature.

Join Us on the Reading Masculinities And Violence Sage Series On Men And Masculinity

Whether youre an avid reader, a student looking for study materials, or someone exploring the world of eBooks for the first time, sp.athena-security.com is here to cater to Masculinities And Violence Sage Series On Men And Masculinity. Join us on this reading journey, and let the pages of our eBooks transport you to new worlds, ideas, and experiences.

We understand the thrill of discovering something new. Thats why we regularly update our library, ensuring you have access to Masculinities And Violence Sage Series On Men And Masculinity, celebrated authors, and hidden literary treasures. With each visit, anticipate fresh possibilities for your reading Masculinities And Violence Sage Series On Men And Masculinity.

Thank you for choosing sp.athena-security.com as your trusted source for PDF eBook downloads. Happy reading Masculinities And Violence Sage Series On Men And Masculinity.
